

DEATH TOLL IN LAWLESS BOSTON REACHES FIVE

Governor in Charge, City Takes on Warlike Appearance

Boston, Sept. 11.—The death toll in lawlessness following the calling of Boston's police strike Tuesday reached five tonight when Henry Groat, 20 years old, was shot and killed during a raid by state guardsmen on a dice game in the Jamaica Plain section. Two other men were wounded in the raid.

With Governor Coolidge as commander-in-chief of the state's forces in charge of the situation the city tonight took on a warlike appearance. Six machine guns were mounted at police headquarters and troops wearing "tin hats" by order of Adjutant General Stevens patrolled the streets. The order followed injury to several by flying missiles. Meanwhile shopkeepers, supplementing police and military protection by means of their own barricaded windows of their places of business as if to withstand a siege.

Boards were nailed in front of the glass to protect it from the assault of hands of hoodlums who have been tearing the streets.

Rioting Continues

Three men were killed in the rioting of last night.

Margaret Walsh, wounded during the night in South Boston when the state guard fired upon a mob, died this morning.

Raymond Fayers, who wore a sailor's uniform, dropped dead with a bullet in the neck when he tried to escape from soldiers who broke up a dice game on Boston Common. The gamblers were told to hold up their hands but Fayers did not and was shot. The others were marched past the state house to the city prison.

Leo Emery, a member of the state guard on duty in the Roxbury section, was taken by a crowd of toughs and removed unconscious to a hospital.

The hospital's treated many cases of broken heads while a far greater number nursed their wounds in private.

The strong arm of the law had its sobering effect upon the hoodlums and criminals, who had terrorized the city until the state guards arrived last night. During the day there were isolated outbreaks of violence and toughs looked for opportunity to set upon a lone soldier or loyal policeman, but slunk to cover when confronted with any considerable force.

Thruout the city the state guard did patrol duty over regular beats at street junctions, directed traffic and kept the crowds moving. They carried guns with fixed bayonets. In addition the volunteer police made up of private citizens from all walks of life continued to render excellent service.

Out of a total of 1,638 police officers in the department 338 answered roll call today.

Mayor Peters declared today that he would not initiate any move at the present time to settle the strike.

Governor Coolidge today asked the secretary of the navy to have navy forces in readiness if they were required.

Six regiments of state guards, totalling between 5,000 and 6,000 men now are mobilized.

A request that regular army troops be prepared to respond to a call for emergency duty here was wired to Secretary of War Baker by Governor Coolidge today. The governor previously had made a similar request of the secretary of the navy.

The shooting of Groat occurred after some of the players and spectators had refused to leave the place. They were ordered to move on and when they failed to budge the guardsmen fired. Near the Dudley street elevated station in the Roxbury district, Patrick Cheever was knocked down by a guardsmen and his jaw was broken when he disregarded orders to move on.

A fight to the finish between the authorities of state and city and labor unions was indicated by developments in the strike today. Mayor Peters made it plain to labor leaders today that the policemen's union would not be recognized. A meeting of union workers was called for tonight at which action on the matter of a general sympathetic strike was to be taken. The possibility of a strike of carmen, telephone and electrical workers and industrial employes was serious.

What gave the authorities the greatest cause for anxiety, however, was the danger that the firemen might join in the movement. Hope was seen in the declaration of the president of the firemen's union that he would not take the responsibility for a strike unless authorized by the American Federation of Labor. Governor Coolidge in taking personal charge of the policing of the city, pointed out that his obligations under the constitution compelled him to take this step.

Will Give "Moral Support."

Springfield, Ill., Sept. 11.—Authorization has not been given by the International Brotherhood of Electrical Workers for a strike of electrical workers at Boston in sympathy with striking policemen, Charles P. Ford, national secretary said late today. Boston lo-

U. M. W. of A. Want Mines Nationalized

CLEVELAND, O., Sept. 11.—Nationalization of mines as a general principle was approved today by the convention of the United Mine Workers of America with only one dissenting voice.

The sole objector said he thought nationalization impossible for the present. Concrete proposals for nationalization are expected when the resolutions committee report is presented.

The convention voted with the same unanimity for the six hour day and five day week in all coal mines—to be incorporated in the demands presented to the mine operators at the joint wage conference at Buffalo September 25, but deferred discussion of specific wage demands until next week.

Seymour Steadman of Chicago, counsel for Eugene V. Debs, and formerly attorney for the mine workers in the Cherry Hill Mine Disaster case addressed the delegates on behalf of Debs, Rose Pastor Stokes and others convicted under the espionage act. He invited the mine workers to send representatives to the American freedom convention at Chicago, September 26, called to press for their release and the repeal of the act.

The convention stands adjourned tomorrow on account of the funeral of John Mitchell.

STORM SWEEPING TOWARD TEXAS COAST

NEW ORLEANS, Sept. 11.—With its center about 200 miles south of Pensacola, Fla., the gulf hurricane which swept the Florida Keys with considerable damage to property in the vicinity of Key West and great loss to shipping, was sweeping northwestward tonight toward the Texas coast. The weather bureau tonight issued storm warning for the eastern coast of Texas. Interruption of all communication in the vicinity of the hurricane's path made it impossible for weather bureau officials to locate the storm center exactly or to estimate the speed at which it was moving. Dispatches from Tampa said the highest tides recorded along that section of the gulf coast since 1884 overflowed a number of low lying islands today.

Survivors Brought to Port.

Miami, Fla., Sept. 11.—Nine survivors of the crew of 36 men of the Ward line steamer Corydon sunk in the Bahama channel Tuesday during the hurricane were brought to port today in a weakened condition from being buffeted in a lifeboat by a high sea for two days without food or water. An unverified report was received today that the British auxiliary schooner Mystery J. was sunk and the 19 persons on board perished during the hurricane near Bimini, an island of the Bahama group. Captain C. C. Christian of Corydon, refused to leave his ship and went down with her according to the survivors.

MUSTANGS HOLD NO TERRORS FOR PRINCE

SASKATOON, Sas., Sept. 11.—After witnessing the best horsemanship and steer throwing exhibitions the "wild west" could produce, the prince of Wales, proved to 20,000 ranchers, cattlemen and cowboys today that "bucking bronchos" held no terrors for their future king.

After displaying a keen interest in all the "stunts" he indicated a desire to participate. As his request a mustang, untamed and unbroken, was brought out fresh from the paddock while the huge crowd gasped in surprise.

Te prince gained the saddle gracefully and held it until the mount was exhausted by its efforts to unseat him. Then he requested that he be photographed in the saddle.

URGES DEPARTMENT PLAN

Washington, Sept. 11.—"No one nation can menace the United States," declared Chief of Staff March today to the house military committee in urging adoption of the war department re-organization plan for a regular army of 509,000 men and 26,000 officers with a system of universal military training, which would have been the skeleton of a field army of 1,250,000.

IMMIGRATION FIGURES.

Washington, Sept. 11.—Deploing the "hysteria that exists in relation to emigration," Anthony Caminetti, commission general of immigration issued a statement today showing that only 2,513 foreigners have left the United States since the armistice and a total of only 123,532 during the twelve months ended June 30, 1919.

He stated, were instructed to give "moral support" to the police walkout.

"We are hopeful that demands of the policemen will be met without the necessity of a sympathetic strike," Mr. Ford declared. "In any event it is not likely that electricians employed by public utilities in Boston would be called out because of the chaos that would result if the city were left in darkness and without other public utility conveniences."

Action one way or the other was not expected before tomorrow.

BATTLE ON PEACE TREATY IS TO BEGIN MONDAY

G. O. P. Claims Enough Votes to Prevent Ratification

WASHINGTON, Sept. 11.—With submission of the foreign relations committee minority report the peace treaty, with its covenant for a league of nations was made ready today for the ratification battle to be waged in the senate. By general agreement this will not begin until Monday. Meanwhile Republicans, claiming enough votes to prevent ratification without reservations, were urged by Chairman Lodge of the foreign relations committee to stay on the job until final disposition is made of the treaty, weeks hence, perhaps.

Senator Hitchcock, leader of the administration forces, today submitted the minority report, signed by all Democratic members of the committee except Senator Shields, of Tennessee, who stood out for reservations to the league covenant.

Without attempting specifically to answer majority charges, the minority urged speedy adoption of the treaty and league in precisely the form laid before the senate two months ago. Rejection or change, the report declared meant loss by this country of all concessions obtained from the enemy by a dictated peace, including Germany's acknowledgment of responsibility for the war. Denial was made of Chairman Lodge's statement that the peace conference still was in session for consideration of textual amendments, the report declaring that Germany, once having signed the treaty might not be disposed to sign it again. The minority charged that the treaty could have been reported long ago by the committee which was trying to destroy it by reservations. No reference was made to Republican attacks on the award of Shantung province to Japan or the inequality of the voting power in the league for the United States as compared with Great Britain. The report set forth a defense and explanation of the league covenant, described as the best hope of the world, even if it be not divinely perfect in every detail.

Deploing delay to which the document had been subjected, the report asserted that the industrial world was in ferment, the financial world in doubt and that this was caused "by the majority of a committee known to be out of harmony with the majority of the senate and the majority of the people."

Formal reporting of majority and minority views was of secondary interest to continuation of conferences by Republicans in efforts to agree upon a compromise reservation program. Senators active in the negotiations said complete agreement was near—one which would insure support of all 49 Republicans and probably some Democrats. This program does not contemplate formal or informal announcement of a compromise in the near future and probably not until the close of discussion of the treaty, when reservations will be in order. It was said new assurances had been given by Democratic senators today that modification of the Lodge reservations, predicted now by leaders of factions advocating both strong and mild reservations, would make considerable Democratic support virtually certain.

Senator Lodge had before him for approval of the "strong" reservationists, it was said, proposed substitutes of the "mild" reservation group of Republicans.

After the minority report had been presented Senator Harding of Ohio, Republican member of the foreign relations committee spoke against the treaty and its league covenant, declaring he would vote for amendments. When he concluded the galleries broke into vigorous applause, which Vice President Marshall endeavored to check.

Warning was given by the vice president that the rules committee would have to say whether the rule against applause during consideration of the treaty was to be enforced, declaring visitors paid no more attention to standing regulations "than to a last year's bird nest."

Senator Williams, Democrat, Mississippi, put into the record an editorial from a New York newspaper characterizing the Lodge report as "Prussianized." All of the allies, Senator Williams said, were "insulted" by the majority report suggestion that the peace conference might well be occupied in re-negotiation of the German treaty instead of considering Grecian, Italian and other territorial disputes.

"The spirit of insult," the senator declared, "is coming out of the report against everybody in the world with whom we are allied."

Senator Williams charged that Senator Lodge was trying to defeat the league of nations indirectly if he could not do so directly.

Johnson Talks of H. C. of L. at Indianapolis

INDIANAPOLIS, Ind., Sept. 11.—Senator Hiram W. Johnson of California continuing his speech-making campaign in opposition to the ratification of the league of nations covenant tonight declared that if responsibility for the high cost of living rests upon any agency or man it rests upon the present national administration and Woodrow Wilson.

"President Wilson adds to his fearsome harsh names, appeals to our material interests and even taxes the two months that the league and treaty have before the American people and senate with the high cost of living," said Senator Johnson. "He conveniently forgets the eight months he spent abroad, secretly pledging our resources and our manpower to European and Asiatic governments."

In two months of discussion by our people and our senate in the open of what he discussed secretly for eight months has had no bearing upon and the reasonable discussion in the future cannot possibly affect the high cost of living. The living costs in December and January were substantially what they are today. Mr. Wilson then had exactly the same laws he now invokes. He had neither time nor inclination to deal with a problem then practically as acute as it is now. He makes its solution depend now upon the immediate ratification of his treaty. He would frighten us by a cheap and specious statement devoid of economic logic, and wanting in any sound reason. He covers his own dereliction by an unfounded counter charge. Remember his address to congress, December 2, last.

"The moment we knew the armistice had been signed, we took the harness off. It is surprising how fast the process of return to a peace footing has moved in the three weeks since the fighting stopped." His idea of reconstruction, he said, was to direct it to direct it any better than it will direct itself. When he had ample time for action last December and might have prevented the subsequent continuance of high prices, these are his words: "Our people do not wait to be coached and led. Any leading strings we might seek to put them in would speedily become hopelessly entangled, because they would pay no attention to them and go their own way. The American business man is of quick initiative."

"At that time we had a competent federal food administration completely organized thruout the nation," Mr. Wilson deliberately scrapped this vast organization. Now, months after he has dismissed the federal and state agencies, he is calling them together again to deal with the question. The ratification of the treaty may increase exports, but increase in exports will not reduce prices at home."

MAIL ORDER STORES.

Railroad Men Urged to Establish Chain of Stores.

Detroit, Mich., Sept. 11.—Establishment by the United Brotherhood of Maintenance of Way Employees and Railway Shop Laborers of a chain of department mail order stores in this country and Canada to handle necessities of life direct from producer and manufacturer to consumer for the purpose of reducing living costs was recommended to the convention of the organization today by Grand President Allan E. Barker.

Immediate opening of the first of these stores and selling at 25 per cent below present prices.

President Barker also recommended that the brotherhood go into the manufacture of various necessities at reduced cost to labor union members.

CONFESSES MURDER.

Pinckneyville, Ill., Sept. 11.—William J. Wroten who recently confessed he drowned his wife in a creek near here July 7, one week prior to marrying 17 year old Mary Wroten today was held for the grand jury by a coroner's jury, which re-opened the case. A former verdict of accidental drowning was revoked.

Mrs. Mary Wroten at the request, denounced her husband, and said she knew nothing of the murder. She was not named in the verdict. Wroten is 29 years old and is a railroad employe.

MUST HAVE APPLICATION

Cincinnati, O., Sept. 11.—Directors of the Cincinnati National League Baseball club announced today that their attention will be paid to requests being sent in for reserved seats for the world's series games, excepted to be played here, unless they are made by regular application cards which may be obtained at the Cincinnati club's offices.

NO CHANGE IN POLICY

London, Sept. 11.—(By The Associated Press.)—Winston Spencer Churchill, secretary for war in a statement today denied that there had been any change in the British policy to evacuate North Russia.

Capetown, Union of South Africa, Sept. 11.—The house of assembly of the Union of South Africa has ratified the peace treaty.

Election Returns From Thirtieth Senatorial Dist.

SPRINGFIELD, Ill., Sept. 11.—With two precincts missing, returns from the six counties of the thirtieth senatorial district, give the vote for nomination of constitutional convention delegates as follows:

Republican.

Guy L. Shaw, Beardstown . . . 1,089

Lewis A. Jarman, Rushville . . . 1,176

J. J. Neiger, Vienna . . . 612

Democrat.

James M. Rahn, Pekin . . . 934

Arthur S. Leeper, Virginia . . . 655

W. E. Wilkins, Athens . . . 517

Complete returns from Marion, Clinton and Clay counties, but with Effingham county, missing indicate that John S. Thomas of Shattuck and J. M. Tanner of Flora, Republicans and Edgar Elyke of Centralia and A. B. Lager of Breeze, Democrats are nominated in the forty second district.

Rodman Defeated.

Champaign, Ill., Sept. 11.—Complete returns tonight showed Senator Dunlap defeated Julius N. Rodman by 213 votes for one of the Republican nominations in yesterday's primaries for constitutional convention delegates.

Henry I. Green obtained the other nomination.

G. A. R. Against Everything That Is Unamerican

COLUMBUS, O., Sept. 11.—Disloyalty and everything tinged with un-Americanism were dealt stinging blows today by the Grand Army of the Republic in annual encampment here and by Sons of Veterans in their annual reunion. In his annual address Commander-in-Chief C. E. Adams of the G. A. R. told his comrades to "shoot on the spot" anyone attempting to raise the red flag of anarchy in this country.

The Sons of Veterans adopted resolutions demanding one hundred per cent Americanism of all citizens and calling upon congress to provide necessary laws for the deportation of unregenerate aliens and those who do not in good faith seek to become American citizens.

Atlantic City was selected for the 1920 encampment of the G. A. R.

Election of officers will be taken up tomorrow. Among the candidates for commander-in-chief is William O. Lee, Port Huron, Mich.

JUDGE GUERIN DROWNS

Superior Court Judge Loses Life in Lake Michigan.

Muskegon, Mich., Sept. 11.—Superior Court Judge Henry Guerin of Chicago drowned in Lake Michigan near his summer home at Sylvan Beach today. The judge was working over the motor launch when the launch caught his clothing throwing him overboard. A strong undercurrent prevented him swimming back to the boat and his wife and small son who accompanied him were unable to handle the craft in the heavy sea. They were rescued by a passing tug. Mr. Guerin's body was recovered.

SPECIAL RESOLUTION

Congress Will Receive General Pershing Sept. 18th.

Washington, Sept. 11.—The house today passed a special resolution setting 2 p. m., Sept. 18 as the time for the joint session of the congress to receive General Pershing. A sword of honor will be presented.

WILL BE TRANSFERRED

Washington, Sept. 11.—Major General Edward F. McGlaughlin, Jr., now commanding the first division will be relieved Sept. 20 and take the seventh division at Camp Funston, Kansas.

Major General Charles P. Summerall will succeed him in command of the first, to be reorganized at Camp Taylor, Kentucky. The fourth regular division now at Camp Dodge, Iowa, will be commanded by Major General John L. Hines.

SENDS WORD OF WELCOME

On Board President Wilson's Special Train, Livingstone, Mont. Sept. 11.—A welcome to the United States was extended to Cardinal Mercier today by President Wilson, telegraphing to New York in response to a message of greeting sent him yesterday by the Belgian prelate.

MUST DECIDE QUESTION

Paris, Sept. 11.—The supreme council has decided to let the international labor conference which meets at Washington in October, decide for itself whether German and Austrian delegates be admitted.

STEPS FASTEST MILE

Louisville, Ky., Sept. 11.—The exhibition mile trotted in 2:27 3/4 at the state fair yesterday, by Lockwood, a yearling gelding, by H. Forbes out of Ollie Russell, horsemen asserted today, constituted the fastest mile ever stepped by a horse of his class over a half mile track.

WILSON DELIVERS TWO ADDRESSES IN MONTANA

Asserts Ratification of Treaty Would Check Unrest

HELENA, Mont., Sept. 11.—In two addresses in Montana today, President Wilson asked that the peace treaty be ratified without delay so that the spirit of universal unrest spreading from Russia may be quieted.

Saying he had been told the west was pervaded by "what is called radicalism," the president declared the only way to keep men from agitating against grievances was to remove the grievances. As long as "things are wrong," he said, he did not intend to ask that men stop agitating, begging only that they use orderly methods.

He said radicalism meant "cutting up by the roots," a process that would be unnecessary if noxious growths were removed. Mr. Wilson also referred to controversies resulting from police strikes in the east and said the strike of the policemen of a great city leaving that city at the mercy of thugs is a crime against civilization.

When the president was introduced by Governor Sam Stewart at his night address here the crowd stood up and cheered.

With all its complexities, Mr. Wilson said, the issue after all was whether the sacrifices of the war would be in vain. The task of those who fought was only half done, he declared, "and if the treaty was not put into effect men like these will have to die again."

The United States, said the president, did not go into this war willingly and the nation had tried to convince itself, "that the European business was not our business." But presently he continued, it became apparent that civilization itself was at stake.

"We fought Germany," he continued, "that the world might be a fit place to live in and the world will not be a fit place to live in as long as any great power can do what Germany did. Under the league, he said, there would be no opportunity for a people to be thrown into war without their consent. But if the league failed the United States would be deliberately guilty of preparing a situation which would bring on the final world war."

The text of President Wilson's speech in part follows:

"I have not come from Washington so much to advise you as to get in touch with you—as to get the feeling of the purposes which are moving you, because, I may tell you as a secret that some people in Washington lost that touch. If one stays in Washington too long one is apt to catch that same removed numbness which seems to characterize others who are there. I like to come out and feel once more the thing that is the only real thing in public affairs that is the great movement of public opinion in the United States. (Applause.)

"That the United States should be the trustee for the world," declared the president, was inevitable. Development of American power had been viewed with dismay, he said, until it was seen she fulfilled her pledge to Cuba. Then the world knew, he added, that it could repose its confidence in the United States.

This confidence, he said, has been shown in the fullest measure at Versailles and in consequence the peace had been drawn upon American specifications.

Declaring the treaty could not be carried out without the league, the president cited the territorial adjustments of mid-Europe as an example of the sort of tasks which he asserted only a concert of nations could accomplish. The league was to be the instrumental-ity he said "by which the goods are to be delivered to the people to whom they belong in the territories of disputed sovereignty."

The league, too, would be a step toward democracy, he said, because for the first time it would place the small and weak nations on a footing of equality with the great and powerful.

Mr. Wilson said he wondered where the men had been living who now wanted America to stand alone and disconnect herself from the world.

"Her ambition has been to connect herself with the world commercially," he said "and they're bankrupt if she doesn't."

Referring to objections to the league covenant, Mr. Wilson repeated his previous arguments that no reservation or change is needed to protect the nation's right to withdraw from the Monroe Doctrine, domestic questions or to shape its own course under Article Ten.

Enumeration of domestic questions by name as proposed by some of the league opponents would be dangerous, Mr. Wilson said, because something might be left out.

Referring again to "radicalism," the president said the men who tried to get what they wanted by destroying governments would themselves be destroyed. He expressed his "shame" at recent race riots and said that for policemen to strike was a crime against civilization.

Report Shows Utter Disregard of Expenditures

WASHINGTON, Sept. 11.—Seventy two officials of the railroad administration described as "men on the staff of the director general" are receiving annual salaries aggregating \$1,398,000, according to an extension of remarks in today's congressional record by Representative Thompson, Republican, Ohio, who charged that other government agencies "seem to have utter disregard for economical expenditure of public funds."

Railroad administration officials receiving the big salaries were given by Mr. Thompson as follows:

Five at \$50,000 each.

Two at \$40,000.

Three at \$35,000.

Two at \$30,000.

Eight at \$25,000.

Eleven at \$20,000.

One at \$18,500.

One at \$18,000.

One at \$17,500.

Six at \$15,000.

One at \$14,000.

One at \$13,200.

One at \$12,500.

Four at \$12,000.

One at \$10,800.

One at \$10,600.

Twenty three at \$10,000.

Railroad administration officials were described by Representative Thompson as "princes who sit in upholstered furniture and swivel chairs amidst luxurious surroundings. Living as tax eaters," he said, have not been paid a living wage, "the entire government reeks with extravagance."

OFFENSIVE ALONG SIBERIAN FRONT

OMSK, Sept. 11.—(French wireless service.)—General headquarters of the Kolchak army announced today that the offensive was being carried forward successfully along the whole Siberian front. The enemy is being driven back with severe losses, the announcement said and has been compelled to abandon prisoners and important booty.

The announcement of the general offensive was first made yesterday when the stubborn fighting was reported in the direction of Yalutorovsk and Ksogran. The result of the fighting was reported to have been the retreat of the Bolshevik forces with the loss of many prisoners and much material.

The report from Omsk of substantial successes by the Kolchak army follows a wireless dispatch from Bolshevik headquarters in Moscow in which it was claimed that Admiral Kolchak's southern army had been decisively defeated and that its surrender was expected. The scene of the fighting described in the Moscow message was about 400 miles south of the two towns mentioned in the Omsk dispatch.

EXPECT AGREEMENT AT CHAMPAIGN TODAY

SPRINGFIELD, Ill., Sept. 12.—Final agreement is expected to be reached on wage demands of the Illinois Traction system trainmen in a conference between C. F. Handshy, assistant general manager of the company and a committee of trainmen at Champaign today (Friday).

The men are demanding 75 cents an hour for conductors and motormen and 62 1-2 cents an hour for brakemen.

NO PROFITTEERING.

Chicago, Sept. 11.—Clothing manufacturers in addresses today before the National Association of Retail Clothiers insisted that extra wages for overtime worked limited production and kept costs high and declared there was no profiteering in their industry.

Ludwig Stein said that the present average cost of a suit of clothes is \$48.50 which he predicted would be increased to \$62 for 1920.

"It took thirteen years after the Civil War to bring down prices, so how can we expect a big break in prices in six months after the world's war?" said Mr. Stein. "In order to bring down prices, production must be increased extravagance stopped and labor prices fall."

AWARDED FIRST PRIZE

Englewood Commandery Team Wins Honors in East

Philadelphia, Sept. 11.—The Englewood Commandery team of Chicago today was awarded first prize in the competitive drill of the Knights Templar.

Joseph K. Orr, Atlanta, Ga., was chosen Grand Master to succeed Lee Stewart Smith of Pittsburgh.

J. W. Chamberlain, St. Paul, was elected deputy grand master; L. P. Newby, Knightstown, Ind., and generalissimo; William H. Norris, Manchester, Iowa, grand captain general; William Sharp, Chicago, grand junior warden.

The next convocation will be held in New Orleans in 1922.

JUDGE SCULLY DIES

Chicago, Sept. 11.—County Judge Thomas F. Scully died today following an operation for ulcer of the stomach, aged about 49 years. He was identified with the Roger Sullivan wing of the Democratic party and was known for his readiness to aid the needy.

TRIALS OF OIL PRODUCERS IN MEXICO GIVEN

Oil Company Advised to Pay Taxes to Controlling Faction

WASHINGTON, Sept. 11.—The romance of the Mexican oil fields together with the vicissitudes of of the oil prospectors resulting from bandit attacks and obnoxious decrees and laws of the Carranza government were described today to the senate foreign relations sub-committee investigating the Mexican situation by E. L. Dohoney, head of the Mexican Petroleum company, Limited. The committee was told that Dr. Henry Allen Tupper, now pastor of the First Baptist church of Washington, but formerly active in obtaining recognition for the Carranza government by the United States, had received a draft for \$3,456 from the treasurer-general of Mexico. It was stated that the committee would call Dr. Tupper to explain for what the draft was in payment.

Mr. Dohoney admitted his company had paid Manuel Palaez, the rebel leader, for protection, but declared that the payment was made on the advice of Eliseo Arrondondo and also that the course was in line with suggestions of John Lind and J. R. Sullivan, personal representatives of President Wilson in Mexico.

To the charge of finance minister Cabrera of the Mexican cabinet that his company was fostering rebellion by furnishing arms and ammunition to Palaez, Dohoney submitted a memorandum addressed to the American state department declaring that Lind and Sullivan had advised payment of taxes to which ever faction happened to be in control, but denied that munitions were furnished Palaez.

Chairman Fell asked Dohoney if he had ever known of any of those who had been active in their work in behalf of Carranza receiving any remuneration. His answer was the presentation of a draft which had been made out by the Huasteca Petroleum company in favor of the treasurer general of Mexico and by him made payable to the order of Dr. Tupper for value received.

After payment the check found its way back to the Huasteca company.

Mr. Dohoney did not pretend to know the nature of the indicated "value" of Dr. Tupper's work for General Carranza and his government but intimated that it was done as agent of "the International Peace Forum."

Payment of Taxes.

The story of the company's troubles resulting from the payment of taxes to the controlling faction, was given by Dohoney who began with the visits of Candido Aguilar and his forces to the oil country while Carranza was fighting Huerta.

Aguilar, who later married one of Carranza's daughters, became a member of the Carranza cabinet and was sent to this country last spring as a representative of the first chief, demanded both money and rifles, the witnesses said and got both. One faction after another it was testified, visited the oil properties and demanded money or "loans" and usually received it since the demands always were accompanied by threats.

It was asserted by Dohoney that while money had been repeatedly paid since then it always had been with the knowledge of the American government.

"So far from backing up Palaez," said Mr. Dohoney, "were insisting that Carranza keep sufficient forces there to keep Palaez out. He couldn't."

The principal difficulties of the company over the payment of taxes arose after Huerta seized the government. Refusal to pay Huerta's demands was made as soon as the United States indicated its intention not to recognize his government, Dohoney said. On the advice of Lind, Carranza's representatives were paid however, and Huerta insisted that payment be made to his agents, threatening Harold Walker, oil company's representative in Mexico with imprisonment if payment was withheld.

"I advised him to pay," said Dohoney, "and he did pay and then he left for Vera Cruz where American troops were landed."

Carranza's agents continued to

(Continued on Page Four.)

WEATHER INDICATIONS AND TEMPERATURES

Illinois—Fair Friday and probably Saturday, warmer in north portion.

Temperatures.

It seems unjust for an American to be arrested for smuggling arms into Mexico—that is, when it is remembered that so many unfriendly and war-like acts on the part of Mexicans are submitted to merely with protests from the U. S. government.

VOICE PUBLIC OPINION

The returned soldiers in the galleries of the senate chamber may have violated the dignity and the rules of that body when they cheered at Senator Kenyon's reference to the League of Nations program, but they nevertheless expressed a very popular view.

IT'S EXPECTED NOW

Eight cents in the new street car fare in St. Louis, and this means an increase of 50 per cent over the old and customary charge. A few years ago such an increase would have brought about a pitched battle but now things are different. The public realizes that the cost of transportation, just like everything else, has vastly increased.

TALKING THE REAL TALK

Think of a farmers' association in Chicago meeting, passing resolutions indicating the desire of farmers to bring about better working and living conditions,

and going on record in favor of collective bargaining. That sounds like a real farmers' labor union. When such an organization is extensively perfected every other labor organization had better look out, for the farmer controls bread and meat and the other "sinews" of both peace and war.

APPEALING PROPOSALS

October 7 is the date chosen for the bond election in Jacksonville. By the issuance of bonds it is proposed to pay the city's debts, to provide a filtration plant and to consolidate the light and pumping stations so that economy and efficiency may result. All of these proposals have their appeal to the citizens of Jacksonville who wish their city well. Greater and more favorable interest is promised for this election than has applied to any similar event in recent years.

CONTRASTED RECEPTIONS

If one is to judge by outward appearance the country at large is opposed to the president's peace league plan and in favor of some revision. "Outward appearance" means the reception that is accorded President Wilson on his speech making tour, and the reception which is being given Senators Johnson, Borah, McCormick and others of the opposition.

Generally speaking, presidential tours have not been successful in accomplishing the intended purpose and this one seems especially ill-timed because of matters of equal importance which are pressing at Washington.

GOOD ADVICE TO STEEL WORKERS.

It is to be hoped that President Wilson's advice to the steel workers to postpone the threatened strike until after the conference on labor and living problems will meet with a favorable response. The railroad workers yielded to presidential advice and postponed their intended demand for higher wages until the government has had a chance to definitely attack high living costs.

The same reasons which applied to the railroad men refer to the steel workers. Even if the act of President Gary in refusing a conference seemed unreasonable, there is a possibility of much to gain by waiting for the proposed

conference, and nothing can be lost. A strike—a cessation of work—always means losses for both employers and employees.

HENRY FORD AS WILSON'S ANGEL

According to the well substantiated charge made by Senator Sherman, the country is indebted to Henry Ford for the extensive reports of President Wilson's speech making tour, now being sent out. Papers thruout the country were offered this matter in plate form without charge and this "news" was supplemented by written articles from the Mt. Clemens News Bureau.

The first that the newspaper world heard of the M. Sterling News Bureau was during the Ford-Tribune trial, when letters from the bureau reached all papers, large and small. The tenor of the articles sent left no doubt but that Henry Ford was paying the bill. Now Mr. Ford with his annual income of \$35,000,000 has the right to pay such an expense, and when the travesty of his peace ship and some other of his actions with reference to international affairs are recalled, the fact that he is substantially aiding the president's plan throws new doubt upon its efficiency and practicability.

CONQUEST BY THE MOVIES

An English writer complains that the U. S. is capturing England thru the movies. Before the war the U. S. used to get a large amount of its literature and some of its theatrical stars from the British empire. The practice still exists to some extent but the "balance of trade" in these things has been the other way since the war. England has excelled the U. S. commercially in many ways but nowhere else in the world has the movie been developed to the extent that has been true in America.

Producers in this country have extended their operations everywhere and very extensively in England, with the result that the people over there thru the afternoon and night film shows have become acquainted with American slang, with American customs and various things which feature life here. So it is said, a great admiration has been built up for America and the business men of England who pay attention to such things see in the development of the movie on English soil a distinct American propaganda to popularize this country and its products.

Anyhow, that is an admirable method of advertising this country, whether or not there is a deep-seated motive behind the plane of the American film magazines.

blasts for which you yearn. A little more of ardent heat, that heat, which is a crime, and we may all exult in sleep, and have the hangedest time. What, tho all night we toss and roll, and slumber does not come? 'Twill soon be time to shovel coal, and make the furnace hum; then life will be one round of bliss without a carking care; remember it, on days like this, and cease to sigh and swear. Be patient, for it's always well to bravely stand the gauntlet, so boil the germs and sweat the flies, and at hot weather laugh. The geese will soon be flying past, to dodge the polar storms, and, following, the eager blast will cool our fevered forms. And all our cars will disappear when winter brings its snows, and we have frostbite in the ears, and chilblains in the toes. How merrily we'll pay for coal that costs twelve bucks a ton, the precious knowledge in our soul, that summer days are done!

LYNNVILLE CIRCUIT

The Sunday services will be as follows:
Lynnville—Sunday school at 10:30 a. m. Preaching at 11:30.
Mt. Zion—Sunday school at 2:30 p. m. Preaching at 3:30.

THE PASSAVANT HOSPITAL CAMPAIGN

The Work Goes on But Not as Rapidly as It Should—Why Can We Not Get Large Sums?

The managers of the campaign for Passavant Hospital feel that the response of the public has not been what it should and ask why do the wealthy people of the city and county hold back in the manner in which they are holding at the present time? There are plenty of men in the city and county abundantly able to contribute five thousand dollars each to this cause. Morgan County went over the top most gallantly when it came to Y. M. C. A., Red Cross and other causes. We have the reports of missionary societies, both home and foreign, which show that many thousands are contributed for these causes and all most properly for none too much is given.

Now why is it that we can't contribute for a worthy home enterprise just as liberally? The doors of Passavant Hospital are ever open to the needy and suffering. It has saved the people in this vicinity many thousands. Its presence too has justified the location here of superior medical men who have been the means of bringing many thousands of dollars to Jacksonville who otherwise it would have gone elsewhere. The hospital sorely needs the new building; the boiler house connected and completed and the laundry erected. These are most reasonable requests and all for the good of suffering humanity.

Think of that hospital in Zanesville, Ohio, where exists just such an association as we have here. The place is not much larger than Jacksonville and the hospital is absolute perfection and the citizens contribute liberally each year for its support.

WINCHESTER

Winchester, Sept. 11.—Four horse traders who have been camping near Bloomfield were arrested upon their arrival here for violating a law said to prohibit campers from camping on one site over a certain number of hours. The men state that they have violated no law, as they were camped near Bloomfield only about twelve hours. Bloomfield authorities had warrants prepared and served. Two of the men paid their fines, while the other two were unable to do so and were sent to jail.

Improving Streets
Winchester is improving a number of streets in the city by the placing of new concrete sidewalks. The street running north from the residence of William McLaughlin has just been opened after being closed for two weeks on account of the laying of a concrete crossing. A concrete sidewalk has been placed in front of Mr. McLaughlin's residence also.

Marriages.

William I. Scott and Miss Jessie Shull were united in marriage Wednesday morning at ten o'clock at the home of the bride's mother, Mrs. Nellie Shull, the Rev. W. J. Evans officiating. The bride and groom left on the noon train for Canton where they will visit relatives for a few days. They will make their home in Winchester where the groom is employed. Their friends will extend congratulations.

The marriage of Miss Pernelia Norman and Merle Hardy occurred at five o'clock Wednesday evening at the home of Rev. W. J. Evans, pastor of the Winchester Christian church. Both are popular young people of Scott county and have many friends who will extend best wishes. They expect to reside near here on a farm.

Surprise Party.

The members of the senior class of the high school surprised a member of the class, Miss Margaret Murphy at the home of her parents, Mr. and Mrs. Michael Murphy in the northeast part of town Thursday evening. The guests brought baskets of good things to eat with them and after an evening spent most delightfully in games and with music the baskets were opened and enjoyed.

News Notes

A. C. Rice and Frank Heintz of Jacksonville were business visitors here Thursday.

Rev. W. R. Johnson of Jacksonville was calling on friends here Thursday.

The members of the Christian church will serve a chicken supper at the church Sept. 24th.

DR. DOLLEAR IS SOON TO RETURN

Dr. A. H. Dollear, who recently went to Chicago, is expected to return in the course of a week or ten days, according to a letter received yesterday by the management of the Norbury sanatorium. Dr. Dollear has not been well and went to Chicago for a brief visit.

COUNTY W. C. T. U. ELECTED OFFICERS

Mrs. Lou Berger of Mercedosa Heads County Organization—Interesting Session Held.

Mrs. Lou Berger was elected president of the Morgan county W. C. T. U. at the annual session held in Northminster church Thursday. Other officers are: Vice president—Mrs. James Rice, Jacksonville.

Recording secretary—Mrs. James Galloway, Mercedosa. Corresponding secretary—Mrs. Hattie Daniel, Murrayville. Treasurer—Mrs. Charlotte Gray, Jacksonville.

The program as published in the Journal a few days ago was carried out. Miss Martha Tapp extended a welcome to the visitors and response was made by Mrs. M. C. Lowe of Waverly.

One of the main features of the program was an address by Miss Helen Hood of Chicago. Miss Hood spoke at the afternoon session. The speaker emphasized the fact that while the national prohibition amendment will become effective January 16, 1920 there will be much work for the W. C. T. U. after that date.

She pointed out that the forces opposed to prohibition were strongly organized and would fight vigorously to make the law inoperative. The Woman's Christian Temperance union will throw all its strength in the fight to retain what has been won and extend it even further.

Miss Hood told of the work of the organization during the war. It had an active part in all war work. The organization furnished \$8,000 comfort bags to the Great Lakes Naval Training station alone and thousands to other encampments.

The organization realizes that the fight is only half won. It is purposed to raise a fund of \$1,000,000 by March 1, 1920 to carry on work along law enforcement lines, child welfare, Americanization of the emigrant and similar work.

There was a large attendance at the session and the delegates were well pleased with their entertainment. At noon a fine dinner was served to the visitors by a committee from the local union composed of Mrs. James Rice, chairman, Miss Olive Blunt, Mrs. Charlotte Gray. They were assisted by Mrs. Oswald and son Joseph Oswald.

NOTICE, K. OF P.

All members of Knights of Pythias and D. O. K. K. requested to meet at hall tonight, to arrange for Roodhouse trip.

COMMITTEE

INSURANCE INSPECTORS VIEW CITY PROPERTY

Representatives of the insurance inspection bureau have been in Jacksonville for several days looking over the situation here with reference to fire protection. The inspectors examined all the fire apparatus, took the water pressure in various parts of the city and visited the reservoir which is in the course of construction. The visitors made a number of suggestions, one that if a filtration plant is constructed that there should also be a separate delivery pipe so that in case of trouble with the plant, water can be taken directly into the mains. The visitors in conversation with Mayor Crabtree expressed appreciation of the intelligent operation given them while here by Fire Chief Hunt and various other city employees.

See Duffy, the watchmaker, 225 1/2 E. State (upstairs) for prompt work.

ADD MATRIMONY

Turnbull-Kennedy.
W. R. Turnbull and Mrs. Helen Kennedy, both of Waverly, were united in marriage at the home of the bride at 9 o'clock Thursday morning. The ceremony was said by the Rev. S. C. Schaeffer, pastor of Congregational church. A wedding breakfast was served following the ceremony. Mr. and Mrs. Turnbull left immediately afterward for Chicago and points in Canada for a wedding trip, after which they will be at home in Waverly.

L. F. BURKERY WILL RECEIVE DISCHARGE SOON

Mr. and Mrs. John Burkery of North East street have received a message from their son Leonard Burkery, who has been in the navy for the past two and one-half years saying that he had arrived at Great Lakes Training station and would receive his discharge soon.

Sapphire
The September Birthstone
Did you know that the Sapphire is in very high favor at the moment? It would be difficult to say just why this is so, but nevertheless it is the fact.
We are making a very exclusive showing of the Oriental dark blue stones and the Montana light blues, both gems of the purest character, and invite your inspection.
According to Oriental superstition the Sapphire is "invaluable to those who wish to win the favor of princes," but surely in this day when kings, emperors and princes have gone out of fashion, one would still wish this brilliant gem as an article of personal adornment or to use as a gift on occasion.
The Sapphire can be had in various articles of dainty jewelry, in rings and pins, independent or in combination with small diamonds.

The Fairy

A favorite story of childhood is that of the fairy who offers someone to grant him any wish that he may make. The nearest approach to a fairy in these prosaic times is a savings account. Do you want to buy books, to get some new furniture, to build a house, to educate your children, to get married, to travel, or to satisfy some other commendable want? HAVE A SAVINGS ACCOUNT, and you will be able to be your own fairy, and not be compelled to ask favors of another.

F. G. Farrell & Co.

Bankers

Hows Your Battery?

If your battery is causing trouble buy a new Perfection while you can get them at our special introductory price.

Owing to their special features of construction Perfection Batteries have a higher starting ability than other batteries of the same outside dimensions.

These Price are Good for Limited Time Only

	List Price	Introductory Price

The Farmers State Bank and Trust Company

A BANK nowadays has much a greater responsibilities than simply to furnish protection. It is also an educational and habit-forming force in the community, always throwing the weight of its advice upon the side of thrift and economy and holding out the advantages of systematic saving to old and young alike. We want you to think of our bank as one which aims to render you a distinct service whether your account is \$1.00 or \$10,000. We want you to come to us for advice. We serve ourselves best when we serve you best.

Social Events

Liberty Ladies Aid Met Wednesday.

The Liberty Ladies Aid society met Wednesday afternoon at the home of Mrs. Mary Ranson on North Church street. The attendance was unusually large and the afternoon proved a most enjoyable one in every respect.

The next meeting will be held Wednesday, Oct. 8, with Mrs. Fletcher McNigan of the Liberty neighborhood.

Mr. and Mrs. Otis Hoffman Entertain.

Mr. and Mrs. Otis Hoffman entertained a number of friends recently in honor of their niece and nephew, Mr. and Mrs. H. J. Deewester, who are here from Chicago for a visit, together with their children, Harold and Junior. The Hoffman home was very prettily decorated for the occasion, asters and smilax being used with fine effect. The evening was spent with music and conversation and delicious refreshments were served by the hostess.

Ebenezer Ladies Aid Met Thursday Afternoon.

The regular meeting of the ladies Aid of Ebenezer church was held with Mrs. John Fitzsimmons Thursday afternoon with a good attendance. The regular literary program was carried out and the business session held. It was the meeting for the election of officers and the following were chosen: President—Mrs. Edward Peterson. Secretary—Mrs. Emma Cully. Treasurer—Mrs. Walter Shoemaker.

Following the business session and program the hostess served refreshments. The next meeting will be held with Mrs. James McFillen at Litterberry, Thursday, October 9.

Ella Ewing Circle Met.

TRIALS OF OIL PRODUCERS IN MEXICO GIVEN

(Continued from Page One.)

he paid, Dohoney explained, because of the desire of the company to act in conformity with the attitude of the United States.

Detailing the difficulties the oil companies have experienced because of the inclusion of a confiscatory article in the Mexican constitution and subsequent decrees Dohoney alluded to a communication from a Mexican official in which it was asserted that the only reason the American oil producers had been refused the right to drill was because they refused to obey Mexican laws.

"That statement on his part is an international falsehood," declared Dohoney.

Mr. Dohoney insisted that the Mexican government failing to force Americans to part with their properties willingly, had merely adopted "another form of confiscation" in refusing them right to drill upon those lands they already own.

The annual supper of the First Baptist church which was to have been held Oct. 30, has been postponed until Thursday, Nov. 20.

AMERICAN LEGION WELCOMES PERSHING

NEW YORK, Sept. 11.—The American Legion welcomes you, General Pershing, on account of your potential usefulness for the present and the future.

With these words, Col. Luke Lea, former United States senator from Tennessee, turned with outstretched arms toward General Pershing at the legion's meeting and reception to him at Madison Square Garden tonight and bade him welcome home in the name of the organization.

Ten thousand men and women, members and guests of the legion sprang to their feet and cheered as General Pershing rose to speak.

Colonel Lea launched a vigorous appeal for a foreign policy for the United States which would "insure safety to our borders and protection to the people of Mexico equally from organized lawlessness and German colonization even at the cost and sacrifice of policing and, if necessary, Americanizing devastated and divided Mexico."

The general departs for Washington tomorrow.

In his address General Pershing said he was "glad to encourage the American Legion as long as it stands for true Americanism—as long as it keeps its skirts free and clear from petty politics."

"Our country is founded on laws and not on men, and it should be the purpose of this organization to stand on government by law based upon the principles of the constitution. I should deplore it if there were any chance of the American Legion becoming a political tool in the hands of political aspirants."

DRIVING NEW CAR.

Mrs. E. L. Clark and daughter, Helen, are driving a new Franklin car which they recently purchased.

WILL APPROVE TREATY

Ottawa, Friday, Sept. 12.—Canada's house of commons will approve the peace treaty it was indicated early this morning when on a party division the house defeated the Fielding amendment, 102 to 70. The amendment, by C. S. Fielding provided for the addition of a clause to the government's resolution of approval to the effect that the resolution is in no way affected the existing autonomous authority of the dominion.

FOSTER ISSUES APPEAL

Pittsburgh, Pa., Sept. 11.—Iron, steel and blast furnace workers of the United States, not working under union agreement, are requested not to go to work September 22, in support of an appeal issued tonight by William Z. Foster, secretary-treasurer of the American Federation of Labor national committee for organizing iron and steel workers.

COMPLETES WORK

Paris, Sept. 11.—The supreme council having virtually completed work on the Bulgarian treaty will take up the drafting of peace terms with Turkey tomorrow. The question of the future schedule of work for the peace conference also will be taken up.

Many members are urging that an adjournment be taken after the examination of Roumania's reply to the conference. They say that it will be impossible to shape the Turkish treaty until the course which will be pursued by the United States is decided upon.

VIRDEN GIRL IS VICTIM OF AUTOMOBILE RACERS

C. Enrico Run Down in Public Highway — Receives Injuries from Which She Later Died in Springfield Hospital — Identity of Racers Not Known.

C. Enrico, aged 12 years, a resident of Virden, died at a Springfield hospital Thursday night as the result of injuries received when she was run down by two racing automobiles in the highway a short distance north of Virden Wednesday afternoon.

The child sustained a fracture of all the ribs, some of which penetrated the lungs, a broken collar bone, and cuts about the head and face. The drivers of the automobiles never slackened their pace but continued on their way without stopping to see to what extent the victim had been injured.

Shortly after the accident, Matt Skeens, Henry Matlock, Frank Puckett and James Jolley, all residents of Franklin, found the girl in the road as they were driving into Virden. They placed her in the car and took her to that city where she was given first aid by a local physician. She was then rushed to a Springfield hospital where she died as indicated without regaining consciousness.

The racing automobiles passed the Franklin men shortly before they found the girl. Henry Matlock, one of the occupants of the Franklin car, said the men were made next year by a Filipino mission which will visit the United States and lay before the national conventions of the Republican and Democrat parties the matter of inserting independence planks in the party platforms. Announcement of the proposed action was made today.

WILL RENEW EFFORTS

Manila, Sept. 11.—(By The Associated Press.)—Renewed efforts to obtain independence for the Philippine Islands will be made next year by a Filipino mission which will visit the United States and lay before the national conventions of the Republican and Democrat parties the matter of inserting independence planks in the party platforms. Announcement of the proposed action was made today.

DISARMAMENT PROCEEDING

Copenhagen, Sept. 11.—It is reported from Berlin that owing to the German army was being reduced to the strength fixed by the treaty, Minister of Defence Noske has visited General DuPont and laid before him proofs that disarmament is proceeding regularly.

FAIR PRICE CAFE

Omaha, Neb., Sept. 11.—Striking cooks and waiters today opened a cafe at which an order of roast beef, potatoes, bread and butter sold for 25 cents and other articles in proportion.

The rush was so great that the place was virtually sold out at 1 o'clock. Tonight, the management announced club steak with potatoes, bread and butter will be sold for 40 cents. Pork chops with pre-war accessories will be 30 cents.

The chief idea of the cafe is to provide a "fair" place for union sympathizers to eat and to provide employment for the strikers.

SITUATION HOPELESS

Berne, Sept. 11.—The situation of the Bolsheviks in Russia is considered hopeless, according to communications reaching the Ukrainian mission at Berne. The evacuation of the Ukrainian granary just before harvest it is pointed out means a heavy blow to the Lenin-Trotsky regime.

Funerals

McEvers.

Funeral services for Cicero McEvers were held from the residence, 1340 West Lafayette avenue at 3 o'clock Thursday afternoon in charge of the Rev. W. H. Marbach, pastor of State Street Presbyterian church.

Members of the Carpenters and Joiners Union attended the funeral in a body. There were more than 150 in attendance which served to show the high esteem in which the deceased was held by his fellow craftsmen. They carried out the funeral ritual of the order at the grave.

Mrs. Abe Wehl sang. The flowers were cared for by Mrs. D. E. Kennedy and Mrs. M. C. Hook.

Burial was in Diamond Grove cemetery, the bearers being Dennis Hull, Samuel Angelo, Frank Matthews, Charles Howard, W. J. Wood and George Kellar.

DEATHS

Schulz.

Mrs. Marie Schulz died at her home, 961 East College avenue, at 3 o'clock Thursday morning.

Deceased was born in Wittenhausen, Germany, November 9, 1828. She was united in marriage to Christian Schulz fifty-eight years ago. He preceded here in death many years ago.

One son, Carl Schulz of Shawnee, Okla., and one stepson, Philip Schulz of this city, survive.

Mrs. Schulz was a member of Salem Lutheran church and was faithful in her worship so long as her health permitted.

Funeral services will be held from Salem Lutheran church Sunday afternoon at 3 o'clock in charge of the Rev. J. G. Kuppler. Burial will be in Jacksonville cemetery.

MORGAN COUNTY
FARM TOPICS

Down Go the Prices.

Farmers are beginning to believe that the high cost of living problem is adjusting itself—that is, if a tendency to lower prices is a guarantee. The top on hogs in central markets yesterday was about \$17.75, which meant that heavy packing hogs were quoted at less than 14c. This is taking off dollars rapidly on pork and the same downward scale applies

to other meat and also to grain. Prices can go a little lower without having a serious effect on farming operations, but very sharp declines will be certain to have the effect of checking the interest in farm land purchases.

Our Corn Land

Perhaps you have sometimes wondered why so much stress is laid on by discriminating people when it comes to praising the great land of the corn belt. There's a reason.

Take a look at this week's government forecast of crop production. All wheat grown in this country is put at 923,000,000 bushels. And this is a year of big wheat acreage.

The corn yield of the country is estimated at 2,858,000,000 bushels.

The corn yield is three times that of wheat. And a bushel of corn has just about as much food value as a bushel of wheat. When the world calls for fats, corn will go further than wheat, bushel for bushel.

They grow wheat most of the way around the world, and so people in all lands sing its praises.

We grow most of the world's corn in a few states in this country. These states furnish as much food as do all the wheat growing acres of the world.

And so in this corn land we have a small thing of great value done up in a small package. Our appreciation is justifiably great.—Decatur Review.

The Tax on Land Profits.

Collector of Internal Revenue J. L. Pickering, according to an exchange, is being besieged with questions by owners of farm lands who are selling their property, as to the proper method of computing the amount of income tax due on the transaction. Incidentally the large number of these inquiries indicates a wide activity in sales of real estate and especially of farming lands. Mr. Pickering, in order to make a plain illustration of how the income tax is collected on the profits of such

transactions took the record of an actual sale that had just been reported to him by a man seeking information on this point.

The basis on which all profits in lands are estimated is the actual valuation of the property on March 1, 1913. The amount in excess of this price which the land has sold since then is the estimated profit. In this case the value of the land on March 1, 1913, is given as \$200 an acre and it was recently sold for \$300 an acre. There were 200 acres in the tract and therefore the profit on the transaction is \$20,000, which is subject to a normal tax of four per cent on the first \$4,000 amounting to \$160 and eight per cent on the remaining \$20,000 amounting to \$1,600.

The surtax after deducting the legal exemption of \$5,000, is spread as follows: On the first \$1,000, one per cent, amounting to \$10; on the next \$2,000, two per cent, \$40; on the next \$2,000, three per cent, \$60; on the next \$2,000, four per cent, \$80; on the next \$2,000, five per cent, \$100; on the next \$2,000, six per cent, \$120; on the next \$2,000, seven per cent, \$140; on the next \$2,000, eight per cent, \$160; on the next \$2,000, nine per cent, \$180 and on the last \$2,000, ten per cent, \$200, making a total of \$1,090. This added to the total normal tax of \$1,760, gives the total tax due as \$2,850.

By following this rule any one who can compute percentage can tell the amount of income tax due on money received from the sale of farm lands if he will subtract the actual value of the farm on March 1, 1913, from the selling price and compute the tax on the remainder.

Time to Pick Brood Sows

Early fall is the time of year when hog growers should select from the spring crop of pigs the sows to be used as next year's dams. From now on until the breeding season these sows should be fed in a manner different from the way they were to be fattened for market purposes. Good forage crops are practically a necessity.

A self-feeder containing a good quality of threshed oats makes good feed for these sows. In addition, according to specialists of the United States Department of Agriculture, they may be fed a small amount of corn and some shorts or middlings, and fish meal or tankage.

Careful attention should be given to the selection of sows for breeding purposes. First, they should be selected from a good sized litter and from a litter whose dam has good suckling qualities. The brood sow should be of a good rangy type, with a good, strong arched back, deep sides, rather thin neck, and not too broad in the face. By all means

Farms
FOR SALE

I own and offer for sale or trade several farms of from 80 to 360 acres at the right prices.

If you want to trade with the owner come and see me and I will treat you right.

S. T. ERIXON

Illinois 56 Bell 265
307 Ayers Bank

she should be a "good-footed" animal with good, strong legs and pasterns and rather upstanding from the ground.

Those that takes plenty of exercise freely is the one that is most likely to make a desirable brood sow. Do not select a sow from a litter whose dam is cross and irritable. The sow should be gentle and easily handled.

Attention should also be paid to the eyes. A blind sow is likely to step on and injure her pigs. Careful attention to these details at this time will have a tendency to add to the value of the breeding herd and to the number of pigs that may be brought to maturity.

Wheat Planting.

Right now the biggest question on the farm is how to handle the wheat planting. Old timers tell us that there was more scab in wheat this year than ever before. How to be rid of it is just what they want to know and that is what they ask the advisers. In turn that is what the advisers asked the experts and specialists in wheat and corn disease at the conference in Bloomington last Wednesday in which the U. S. Department of Agriculture and different state universities were seen to be working together in their studies and experiments to eradicate the disease. The standard method of seed treatment as recommended by the University of Illinois is the strongest recommendation that the advisers can give besides the selection of scab free seed and the thorough cleansing of it. The conference revealed some new phases in the wheat scab investigation work that will sooner or later reach the farmers of Illinois through their advisers.

The chief investigation work carried on here has to do with the disease in corn but two department specialists have been working with the wheat scab the past season. James G. Dickson of the Department of Agriculture at Madison, Wis., told the advisers about the wheat scab investigation results. — Bloomington Pantagraph.

Pointed Paragraphs

The fellow with coal in his cellar will not feel nearly so uneasy about the contemplated coal miners' strike.

A gentleman in the west part of the county was recently very much incensed because a motorist drove thru a flock of geese belonging to him while said poultry were crossing the road. The auto killed and injured a number of the birds. As far as the legality of the farmer's claim is concerned it probably resolves itself into the question of who had the right of way. The majority of auto drivers, tho, would have sought to avoid, as far as possible, any slaughter of the birds. However, to a disinterested party, who owns neither auto nor farm, it would seem that the poorest place in the world to raise poultry, in these high speed days, is the public highway.

Another thing that hits the family purse is the custom of the high school girl of dressing as if she were going to an exclusive social function instead of to a place of work and study.

Full many a you—who is very popular at Champaign will lose some of it when he decides which fraternity pin to wear.

The weather seems to be adding to the drought.

But while the country is in need of rain, it is going to get it if a lot of senators under a cloud is a sign.

Have you been tagged yet? If not you'd better get into the game. Many local traffic officers, while doing their duty and benefiting the community, are playing that little game of "tag you're it" nightly on South Main, West State, West College avenue, and other city thoroughfares.

Farmers with their suspenders showing, greeted the president in Iowa. The influence that is holding up the league of nations is keeping itself more under cover.

The public would enthusiastically support a strike of chautauqua lecturers for shorter hours.

Indications are that American tourists will be helping Europe pay its war debts early in the spring.

Morgan county judges and clerks at Wednesday's primary were not at all rushed as the vote throught the county was extremely light. Concerning rumors about a one man rule, it seems that Gen. Apathy controls in the average election hereabouts.

We Hope There's a Million Like Him.

The Wooster Brush company of Wooster, O., has chosen not to resume trade relations with Dexter & Berkman, of Nuremberg, Bavaria. This letter was sent to the German firm by Captain C. P. Foss, attorney for the local company.

"The writer and one of his brothers had the pleasure of serving in France with the American army and had an opportunity to judge to some extent the spirit of your country and your people, and after this experience we feel that we do not care ever again to accept any articles made in Germany. We believe that the sentiment of the American people in general is the same as our own."

Would Never Do.

St. Paul Pioneer Press: The president says he is afraid if he complied with the senate demand for copies of various treaties, he might encourage senatorial encroachments on the power of the president. And, of course, that would never do!

Not a Complete Cureall.

B. L. T. in the Chicago Tribune: It is not claimed that the league of nations will cure Bright's disease, liver complaint, bronchitis, and that dizzy feeling; but according to the testimonials, it is good for almost everything else.

Poetic Justice.

Louisville Courier-Journal: A correspondent declares that the rich in Germany will be reduced to beggary by taxes occasioned by the war. An effort at burglary ending in beggary is poetic justice.

Cure or Kill.

New York World: Judge Gary says that the best antidote for bolshevism is "plenty of work at reasonable wages." One good dose of work will either cure a bolshevist or kill him.

Providing for Posterity.

Savannah News: Has anybody a plan to offer to relieve the tedium and the ennui and all that when the treaty is signed and the strikes are all over?

A Job for Experts.

Kansas City Star: Prices, in the opinion of the federal reserve board are going down. It takes financial experts to discover the reduction.

The First Requirement.

Washington Post: Recipe for solving the labor problem by giving labor a share of the profits: First catch your profits.

New Endurance Record.

Chicago Daily News: In remaining up so long prices are establishing an endurance record—for the consumers.

Dr. T. O. Hardesty, returned from service, will be found at 336 West State St. Hours 10 to 12 and 2 to 5, daily.

MISS WALKER TO RETURN TODAY

Mention was made recently of the fact that Miss Ella Walker had been released from the hospital service of the army and is visiting her sister in Carrollton. Miss Walker spent yesterday with Jacksonville friends and is expecting to return to this city in the course of a few weeks.

Miss Walker was probably the first Jacksonville nurse to receive orders after she had volunteered for service and spent practically all of 21 months at the hospital at Atlanta, Ga. This institution was some time ago changed from a base hospital to a general hospital and will be permanently maintained.

Miss Walker was in charge of nervous and mental cases in the hospital.

MRS. EMMA SMITH HELD CLOSING OUT SALE

Offerings Brought Fair Prices. Sale Totaling \$4,000—Family Will Move to Urbana to Reside While Children Attend University.

Mrs. Emma Smith held a closing out sale of personal property at her farm on the Mound road Thursday. Fair prices prevailed and the sale totaled \$4,000.

Mrs. Smith has rented her farm and will remove soon to Urbana, where she will reside for the next few years while her children are attending the University of Illinois.

Merle Beddingfield of Concord was the auctioneer and R. R. Stevenson served as clerk. Some of the buyers and prices are given hereunder.

Cows.
C. A. Gilbert, cow, at \$156 and one at \$48.
Walter Fearnough, cow at \$91.
Calves sold from \$20 to \$50.

Hogs.
William Fison, ten hogs at \$23.50 each, ten at \$13.75.
H. E. Barrett, ten hogs at \$20.25 each.

C. A. Gilbert, seven hogs at \$15 each, ten at \$10 each, sow at \$35.
C. Taylor, ten hogs at \$15.25 each.

Mike Cleary, male hog at \$91.
Edward Leach, red male hog at \$50.
Walter Fearnough, two sows at \$31 each, one at \$41, one at \$46, one at \$35, one at \$37, three at \$50 each.

Vinton Barrows, sow at \$70.
Corn sold in the crib at \$1.34 per bushel, oats brought 59 to 65 cents per bushel. Horses sold from \$30 to \$110 each. Implementations also sold well.

James Anderson was up to the city from Chapin yesterday.

ARMY MOTOR TRUCK TRAIN ENCAPSED HERE

Recruiting Party Now Located at Old High School Site on West State Street—Will Be Here Until Saturday—Entertained at Y. M. C. A. Thursday Evening.

A motor truck train recruiting party arrived in Jacksonville yesterday morning from Springfield. The party is out on a thirty-day recruiting trip thru central Illinois. It travels overland in command of Major A. J. Becker of the Sixth division. The complete train consists of one touring car, four 5-ton army trucks with Liberty motors, one ambulance and full field equipment for twenty-five officers and men. The trucks carry tentage, commissary and field kitchen. The entire party sleeps under the tents and cooks its own food enroute. It will remain here until Saturday morning, camping in the vacant lot on West State street, formerly occupied by the high school building.

The convoy carries an exhibit of guns, revolvers, bayonets, including Lewis-Browning guns, and machine guns captured from the Germans. There are also two of the latest rifles manufactured by the Germans toward the close of the war. These were picked up on the battlefield. The mechanism is perfect, but the guns indicate that no time was spent on finishing the wood section of the rifles. This would go to prove that toward the end of the war the Germans were not only short of material, but were losing their war equipment in such large quantities that it was difficult to keep pace with the needs. A large supply of flares and sky rockets such as were used for signalling in France, is carried with the train. If possible these will be sent up every evening at dusk. Visitors are welcome at the lot and enlisted men of the party will explain the mechanism of the guns with which they are familiar, having used them in warfare in France.

Officers with the party are Major A. J. Becker of the 52nd infantry, commanding officer; Major Carl Barnes, medical corps; Lieut. John A. Wilson, 52nd infantry. The Sixth division, to which these men were attached, was one of the earliest sent overseas, and being a regular army division, were used where needed. They were shifted so often for emergency service that they were dubbed the "hiking Sixth." Many distinguished service crosses and croix de guerres have been won by officers and men of the division, and a large number of citations have been received by both individuals and units. Of these the division is justly proud.

Since arriving in Jacksonville the Y. M. C. A. has offered its privileges free of charge to the entire party. It is possible that the Red Cross, and the Canteen girls will also favor the visitors with smokes and other comforts. Entertained at Y. M. C. A.

Last night the members of the recruiting party were entertained at the Y. M. C. A. Some time ago Sergeant Jesse Smith in charge of the local recruiting station, requested Secretary J. S. Findley to make arrangements for some sort of entertainment for the party while here and the "Y" management was glad to accommodate in this regard.

A formal program was arranged and carried out with about one hundred guests present. Twelve or fifteen of the visiting soldiers were in attendance, but a number were unable to be there being detailed to guard duty at the camp. The program was as follows:

Prayer—Rev. W. R. Leslie, pastor of Centenary Church.
Address of Welcome in Behalf of the City—Mayor E. E. Crabtree.

Response—Major Becker. The major called on Surgeon Wood, who also spoke.

Violin Solo—Miss Ethel Stewart accompanied by Miss Marjorie Barnes.
Address of Welcome in Behalf

of the Y. M. C. A.—Secretary J. S. Findley.

Violin Solo—Miss Helen Sorrells.
Mock Wedding—Buddy Boruff and Earl Tilton, with Eugene Darr as preacher.

Vocal Solo—Miss Lydia Hunt. Games. In the games the soldiers and young ladies participated.

Following the games refreshments were served to all present. This evening another entertainment has been arranged and all of the visitors who can do so are expected to be at the "Y."

BLUFFS HOUSEHOLD SCIENCE CLUB MET

Mrs. George H. Vannier Hostess to Members of Household Science Club—Other News Items from Bluffs

Bluffs, Sept. 12.—The Bluffs Household Science club met in regular session with Mrs. George H. Vannier as hostess at her beautiful country home Tuesday afternoon. Mrs. Vannier had planned little surprise for the club by the way of entertainment and invited the Wincaester club to be present. The regular program was carried out after which a genial social hour was passed. Dainty refreshments were served in abundance by the hostess assisted by her daughters, Misses LaBelle and Cora Vannier.

The following ladies from Winchester were present: Mesdames Caroline McLaughlin, William Kinnison, D. D. Watt, J. C. Grant, George Smith, Martha Bowman, J. M. Overton, Gibbs and Miss Bertha Miner.

Mrs. Lucy Smith of Clayton is the guest of her sister, Mrs. James Kesterson and family.

Mr. and Mrs. Thomas O'Brien returned Tuesday from Oklahoma where they have been the guest of relatives for several weeks.

Gus Jackson and family left Wednesday for their new home near Detroit, Mich. They are traveling overland in a survey and expect to make the trip in about ten days.

Mr. and Mrs. T. Warren and family spent Sunday until Tuesday with relatives in St. Sterling.

G. J. Behan is nursing a badly bruised foot as the result of letting a 100 pound cake of ice drop on his foot Monday.

Charles Stanton contemplates opening up a restaurant in the B. Richards' hotel in the south part.

J. E. Likes has purchased the store building on Main street, which he has rented from Mrs. Anna Arundel for a number of years. His son Everett of Beverly, who has successfully managed his farm there for a number of years will hold a public sale of the farm Wednesday, Sept. 24th, and dispose of his stock, farm implements, grain, etc., and will remove his family to Bluffs, where he will conduct the J. E. Likes store.

Mr. and Mrs. J. E. Likes will practically retire from business for a time at least.

Mesdames Horace Arnold and Eugene Shures were Decatur visitors Tuesday.

Hospitalier Commandery, No. 31, K. T. will hold a special convocation this evening at 7:30 o'clock. Work Visiting Knights welcome.

A. Rabjohns, Com. John B. Phillips, Rec.

FOR SALE

Cotswold rams and breeding ewes. R. P. Allan, Winchester, Route 5.

"WHITE SPOT STORE" FOLLOWS NEW PLAN

A. R. Taylor's "White Spot Store" has been opened on North Main street in the building where the late M. Jensen for many years had a grocery store. Floyd Owings is the manager and the store is to be operated on the cash and carry plan. The goods are all put up in packages with the price indicated on placards.

Customers pick out the goods wanted and before leaving the store pass in front of the manager and make payment. By this system it is possible to hold down the cost of operation and prices are correspondingly lower. No goods are charged and no goods are delivered.

On the opening day ice cream cones were given to each boy or girl visitor and there were "some visitors" for more than 400 cones were distributed.

Are you a TYPIST? It pays to know how. Learn at BROWN'S NIGHT SCHOOL

DANGER IN RAPIDLY RISING LAND PRICES

United States Department of Agriculture Warns Farmers of Probable Consequences.

Washington, Sept. 11.—Prices of farming lands in many sections of the United States, especially in Iowa and the other corn belt states, have risen with such rapidity that serious consequences may be expected, especially with the return of normal conditions. This is a warning to farmers issued by the United States department of agriculture.

Speculators, many of them business men of the cities, in many cases have reaped big profits by buying and reselling without making any substantial contribution in return. Farmers have sold land at prices that seemed high, and then have bought again at still higher figures, losing thousands of dollars in the exchange. The bona fide farmer who purchases land at present high prices may find the returns on his investment abnormally small if earnings should decline when normal conditions are restored, and may find himself seriously embarrassed if he has financed the purchase largely on credit.

A Summarized View.

That is a summary of the situation as it is viewed by investigators of the bureau of farm management sent by the department into the regions of most marked speculative activity. Here is a summary of their advice which is broadly applicable probably to the majority of farmers in the regions affected, tho it may not fit every individual case.

Much of the present speculative activity has been due to the fact that speculators have been able to catch some farmers unaware, buying their farms at a much lower figure than was justified in relation to prices in adjoining regions. Therefore you should be careful about selling to a speculator who is buying to sell again. If it is worth more to him it probably may be worth more to you. If you own a farm and desire to continue farming be very sure before selling that you can obtain out of the proceeds of your sale as good a farm as you have sold.

If you desire to purchase a farm you should be very sure that the price you pay is fully justified by the probable net earnings of the farm when conditions become more normal.

Be careful that the buyer of your farm is able to complete his payment on March first in case he fails to resell. In general it is safe to require an initial cash payment of one-third the sale price.

Be cautious about speculating yourself. Especially do not buy on a narrow cash margin with the expectation that you will be able to sell and obtain the necessary means of settling your contract. You may not be able to effect a sale. A land "boom" may collapse suddenly.

FOR SALE Two nine room modern houses, Nos. 401 and 405 North Church street, will be sold at public auction, at 2 p. m. today at the front door of the court house.

HENRY W. ENGLISH Master in Chancery.

S. S. AND B. Y. P. U. INSTITUTE AT FIRST BAPTIST CHURCH

The members of First Baptist church are urged to attend the coming institute, Sept. 14 to 16. All others cordially invited. Rev. Louis H. Koehler, state director of Sunday school and young people's work will give a series of lectures and hold a number of conference. This is a rare opportunity for all church workers.

Program.

Sunday, Sept. 14.

9:30 a. m. Visitation and observation of Bible school.

10:45 a. m. Sermon, "The Sunday School as the Field Church."

3:00 p. m. Conference with Sunday school and B. Y. P. U. officers, teachers and workers.

6:30 p. m. Visitation and observation of Young Peoples society.

7:30 p. m. Sermon, "The Church's Need of Youth."

Monday, Sept. 15.

4:00 p. m. Address, "The Child in the Midst."

Conference on children's division.

7:30. Address, "Youth's Awakening."

Conference on young people's division.

Tuesday, Sept. 16.

4:00. Address, "The Services of the Adult."

Conference on adult division.

6:15. Supper.

7:30. Address, "The Training Department of the Church."

Conference on young people's work.

Conference on young people's work.

By all means lay your plans to attend this institute. Rev. Koehler is an expert in Sunday school and young people's work. His sermons and addresses will be inspiring and profitable. Let us greet this able man with large numbers at all of the Sunday services.

IN THE RAILWAY WORLD

Alton Conductor Rubush and
Engineer Storey are handling the
new local freight out of Bloom-
ington between San Jose and Tal-
lula, made necessary by the tre-
mendous influx of road building
material for the new concrete
highway in the vicinity of Mason
City and Greenview, and which
will connect Peoria and Spring-
field. The Alton is receiving
eighteen to twenty loads of crushed
stone, sand, cement and other
materials every day for the con-
tractors and this means a large
amount of switching. The yard
space at Mason City and Green-
view is limited and the consign-
ments require considerable hand-
ling and much extra switching.
With the installation of the new
local the regular locals are reliev-

ed of all work at Mason City and
Greenview and this cuts down the
overtime for the regular crews.
In addition to the business hand-
led for the contractors by the
Alton the Illinois Central secures
considerable of the road making
material. It is expected that the
work of reconstruction will be
continued until freezing weather
puts a stop to the concrete mix-
ing.

New Alton Orders Out.

Road Foreman Frank Pierce
asks engineers to use judgment in
opening blow-off cocks. Some are
discharging the steam and hot
water while going thru towns, and
one engine opened a valve while
passing the Pontiac tower, smash-
ing a window.
Trainmaster R. S. Burdett, who
has reported for duty at Road-
house after his two weeks' vaca-
tion, asks freight crews to watch
the light loading of cars and see
that all are kept at their capacity.

Inspects C. P. & St. L.

The inspection plans of H. R.
Safford, engineering assistant to
Hale Holden, regional director,
were changed Wednesday. In-
stead of going to Bloomington on
train 14 he moved to Peoria via
San Jose. He was accompanied
from Roadhouse by W. G. Beird,
federal manager of the Alton.
General Manager A. P. Titus and
General Superintendent W. G.
Hurst went to Springfield Tuesday
night and spent the day there,
moving last night to Peoria to
join Mr. Safford and Mr. Beird.
Today all of the officials move
over the Chicago, Peoria & St. Louis
from Peoria to St. Louis. Mr.
Safford has never previously gone
over this line. It has been a prob-
lem to operate it without showing
a loss and the trip of Mr. Safford
may have some significance. The
office car 86 of Mr. Beird, which
was left here since Mr. Beird oc-
cupied it Tuesday, moves on 47
this morning to St. Louis where it
will be occupied again by the fed-
eral manager. It is expected that
Mr. Safford and party will move
from St. Louis to Chicago tonight
on No. 6 or No. 8.

Light on Labor Trouble.

A light is thrown on some of the
trouble in labor ranks on the rail-
roads by an illustration given in
the Railway Age. Today a labor-
er in a car repair yard receives
fifty-eight cents an hour, with
time and a half over eight hours,
while a section foreman receives
only fifty cents an hour, with
straight time up to ten hours and
time and a half after that.
On the basis of a ten-hour day
and twenty-six days per month the
car repair laborer actually re-
ceives 25 per cent more wages
than the section foreman. He has
no responsibility beyond that of
his immediate duties as a work-
man in a gang, while the fore-
man is responsible for the work
of a force of men and for the
safety of travel on several miles
of main line. It is because of this
situation, the Railway Age de-
clares, that there is more dissat-
isfaction and unrest among main-
tenance of way employees today
than ever before. It is also be-
cause of this fact that these men
are organizing to an extent never
before attempted and are taking
a strike vote as a means of en-
forcing their demands. It is ful-
ly as difficult to secure equity in
the matter of wages under gov-
ernment as under private opera-
tion.

NOTICE TO CONTRACTORS.

Sealed bids will be received by
the County Commissioners of
Morgan County, Ill., at their office
in the Court House, Jacksonville,
Ill., until the hour of 12 o'clock
noon, Saturday, September 20th.,
for the construction of approxi-
mately 24,000 cubic yards of earth
fill on Public highway, across Im-
pounding Reservoir, also for the
construction of two reinforced
concrete culverts across said
Highway. Each bid shall be ac-
companied by a certified check for
5 per cent of each bid. The com-
missioners reserve the right to
reject any or all bids. For in-
formation address L. V. Baldwin,
County Superintendent of High-
ways, Jacksonville, Ill.

Executors C. F. Strang es-
tate will hold closing out
sale of 40 acres farm land,
two dwellings, two business
lots and five good residence
lots in Murrayville, Satur-
day, Sept. 13, in front of
Murrayville bank. Terms
cash.

PUBLIC SALE

Store building, part of lot
4, Main street; residence
property on Prospect street;
3, 4, 5 room houses, electric
lighted, in good repair and
with good tenants. Terms
cash.

Mrs. Clara Strang Crouse,
Mrs. F. Lee Rowland.

GEORGE BURNS ARRIVES

IN NEW YORK

Mr. and Mrs. J. F. Burns of
near Murrayville received a wire
from their son George announc-
ing his arrival from overseas.

Mr. Burns is a member of the
composite regiment known as
Pershing's Own, and returned
on the Leviathan with the gen-
eral. He took part in the cele-
bration in London and Paris,
also in New York Wednesday. He
is expected to receive his dis-
charge soon.

CONGREGATIONAL CHURCH

BROTHERHOOD

The first fall meeting of the
brotherhood of the Congrega-
tional church will be held in the church
parlors this evening. Supper at
6:30. A full attendance is ear-
nestly requested.

JOHN SHAFER, A MARINE,

IS BACK

John Shafer, who has been in
the marine service for fourteen
months, mostly in Cuba, is a citi-
zen again. He is visiting his un-
cle, Walter Hellenthal, a while
and later will proceed to his
home in St. Joseph, Mo.

A NOTABLE FAMILY

Wright Flynn Arrived in Morgan
County in 1818.

One of the oldest families in
the county and among the first to
settle here was that of Wright
Flynn who was born in North
Carolina, near Yadkin and moved
to this region and settled on what
is now the old home place near
Prentice. He entered 1280 acres
of land and was every way an en-
ergetic and progressive citizen.
He was here during the famous
deep snow of 1830-1 and one
morning went out and killed 19
deer as the poor creatures were
helpless being stuck fast in the
snow.

He was the father of ten daugh-
ters and three sons. His family
claim that his daughter Rebecca
was the first girl born in the
county. His girls were Rebecca
M., who died young; Jane, Mrs.
Cain Owen; Amanda, Mrs. George
Obannon, of Kentucky; Helen,
Mrs. James Hayes; Elizabeth and
Marietta, both married to Isaiah
Strawn; Almarinda, Mrs. War-
rall; Lavesta, Mrs. William Sal-
lee; Catharine, married to Dr.
Lee, and Quintilla, Mrs. David
Clark. The sons were Hezekiah,
Frank and Joseph.

The Owen family came here
from Hawkins, Tenn., and in due
season one of the boys, Cain, mar-
ried Jane Flynn. The young peo-
ple began in a modest way, the
husband working for 25 cents a
day, but he kept steadily at it,
branching out and increasing his
holdings and before he died he
possessed 4500 acres of land in
Morgan and adjacent counties.

Their children were James,
Josiah W., Almarinda, afterward
married to Wesley Robertson and
after his death to Andrew Harris;
Ann E., Mrs. Charles Butler;
Mary, Mrs. Edward Goff, and
William, who died in early life.

Mrs. Harris, who kindly fur-
nished the reporter with the above
mentioned facts, says that she
and Mrs. Goff are the only child-
ren of Cain Owen living and she
thinks they are the only grand-
children of the Flynn family.

FOSTER SHEPARD HOME

Foster Sheppard of the vicinity
of Lynnvile, was in the city yester-
day. He was recently dis-
charged from the army. He was
in the medical department and
put in much of his time in Camp
Merritt, New Jersey.

Thomas Reynolds of the neigh-
borhood of Ebenezer was a trav-
eler to the city yesterday.

McDougall

AUTO-FRONT

This announces that McDougall Auto-Fronts—the brand new
spick-and-span 1919 models, guaranteed to be the most sani-
tary and complete, most up-to-date, best built and best-look-
ing kitchen cabinets in the world—are on special display at our
store.

Stop Trudging, Trudging, Trudging

Examine the nearly 100 latest, newest
step-saving, time-saving, work-saving,
food-saving McDougall features.

Note the many desirable innovations
that only McDougalls have. For Mc-
Dougalls are made by the originators
of kitchen cabinets, the inventors of
nearly 100% of all improvements in
kitchen cabinets, the makers of the
best kitchen cabinets for the past
quarter century.
See for yourself. You will not be urged
to buy until you have agreed that the
McDougall Auto-Front is absolutely
"The World's Most Modern Kitchen
Cabinet." If you are open to proof,
come!

Just 8 of Nearly 100
Conveniences

1. The Patented McDougall Auto-
Front—replaces bothersome swinging
doors over the table. Drops out of
sight—leaves a smooth cupboard shelf;
no groove to catch food; no obstruc-
ting partitions. (Shown lowered in
cut.) Lift—and it locks! Only found
on McDougalls.

2. Sanitary, Snow-White Sliding Top
—It Locks! Glides out 27 inches—and
locks as rigid as rock. Can't rattle or
bob up and down when you work or
knead upon it. Only McDougall Tops
won't wobble.
3. High leg base that you can sweep
beneath—sanitary!
4. Removable, cleanable Flour bin,
50 lbs. capacity—sanitary!
5. Cleanable, non-clogging Flour
Sifter—sanitary!
6. Cleanable, non-corroding, Crystal
Glass Sugar Bin on a swinging arm—
sanitary!
7. Durable, heavily white-enameled
cupboard shelves and interiors—sani-
tary!
8. Famous, nationally advertised
Spar Varnish finish—won't turn white
—proof against kitchen steam, heat,
boiling hot or cold water.

No Higher Priced

Yet McDougalls cost no more. Have
the guaranteed best—a McDougall!
Select yours tomorrow.

Beating the Market
For You

If we were to go out today and try to duplicate the
fall clothes we've bought for you, we'd have to pay a
big advance—at least \$5 or \$10 more a garment.

That's what has happened. But we bought early
and we're going to see that you get the benefit of our
early buying. We're basing our prices on what we
paid months ago—not on the present market prices.

Our Fall Hats, Sweaters, Shirts, Underwear—in
fact our complete stock is priced way below the mar-
ket.

We earnestly ask you to take our word about mer-
chandise being scarce and high in a couple of months.

Top To Me

For the best Storm Buggies. I sell the Fering, Emerson and Harper. The Fering and Emerson are the best the market affords, the Harper I sell when something cheaper is desired. My dollar will buy as much as any man's dollar and I will give you as much or more for your money.

See me for Pumps, Bale Ties, Tanks, Hog Fountains, Peoria Disc Shoe Drills, Pekin Farm Wagons, First Class Timothy Seed, Etc.

RAIN INTERFERES WITH SYRACUSE RACES

Esther R Wins 2:07 Pace—Heavy Rain Stops Card, First Race Being Called at 5 o'clock.

Syracuse, N. Y., Sept. 11.—A heavy rain prevented the carrying out in full of the Grand Circuit program today. At five o'clock a field of horses got away in the 2:07 pace which was won by Esther R.

The 2:18 trot for amateur drivers was won in straight heats by Qui Sait, driven by Pierre Lorillard of Tuxedo Park. Tomorrow's program includes nine events.

Summary.

2:07 Pace.
Esther R. (Murphy) 1 1 2
Betty Blacklock, (Dalkar) 3 2 1
Edward P. (Leese) 2 3 3
Time 2:07 1/2; 2:07 3/4; 2:08 3/4.
2:18 Trot, Amateur Drivers.
For Silver Prize.
Qui Sait, (Lorillard) 1 1
Bing Bang (Seegar) 2 2
Anna Toddington, (Caton) 3 3
Time 2:15 1/2; 2:17 1/4.

Philadelphia, Sept. 11.—Detroit beat Philadelphia 3 to 2 in the final game of the series today. The visitors bunched three singles with a wild pitch by Hasty in the first inning, scoring two runs. The winning run was scored in the fifth, when Hasty muffed Griffin's throw of Veatch's grounder.

Score:
Detroit..... 200 010 000-3 8 2
Philadelphia..... 002 000 000-2 8 4
Ehmke and Ainsmith; Hasty and Perkins.

WILL VISIT RELATIVES IN WESTERN STATE

Mrs. Ethel Gruber and granddaughter, Reva Collinson, left Tuesday for Paoli, Colo., to visit the former's niece, Mrs. Florence Myers. They expect to be gone for several weeks. Mrs. Gruber's son, Lawrence Gruber, accompanied them as far as Kansas City.

MISS COWDIN TO BE OCTOBER BRIDE

Well Known Young Woman Will Wed Dr. Homer P. MacNamara, of Springfield.

The engagement of Miss Mabel Cowdin to Dr. Homer P. MacNamara, of Springfield, Ill., was made known at a meeting of the Joy Prairie Coterie which met with Mrs. Charles H. Cowdin, on Thursday afternoon, Sept. 11.

When the refreshments were served each member found folded in her napkin, a tiny heart shaped card containing the names of the young people who are soon to be wed.

Miss Cowdin who is the daughter of Mr. and Mrs. Charles H. Cowdin, graduated from Jacksonville High School, and Northwestern University. She then became a teacher of mathematics and taught for some years in the high schools of Jacksonville and Springfield, having recently resigned her position in the latter school. She was very successful in her work and it was with regret that her resignation was accepted. Dr. MacNamara, who is a graduate of Fargo College, Fargo, North Dakota, and Chicago College of Medicine and Surgery, is now in private practice in Springfield, Illinois. The friendship of these two people began some years ago when Miss Cowdin was visiting at the home of her brother, Dr. Fred P. Cowdin in Springfield, Ill., and has continued through the years.

As Dr. MacNamara has been a frequent visitor in Jacksonville and Joy Prairie, a number of people have met him and have come to know something of his worth. They are sure that he is fortunate indeed in winning the hand of this very attractive and popular young lady.

The important wedding event will be solemnized the latter part of next month, very quietly at the home of the bride's parents on Joy Prairie.

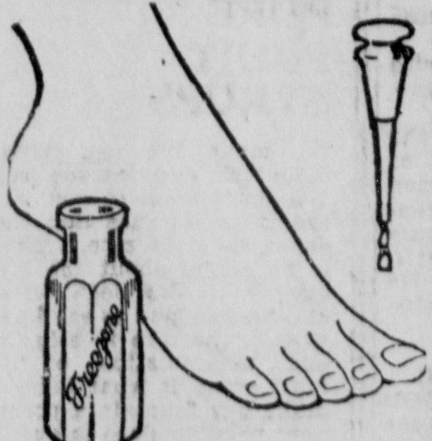

DOMESTIC SCIENCE, EXPRESSION AND FINE ARTS

Unusual opportunities are opening to the young women who have thorough courses in any of these branches. Illinois Woman's College offers you exceptional advantages for thorough training along these lines. If you are interested in any of these courses, call or telephone.

Misses Margaret and Elizabeth Sloan have returned from a vacation which they enjoyed in Chicago with their brother, John and in Peoria with their sister Mary.

LIFT OFF CORNS!

Doesn't Hurt a Bit and 'Freezone' Costs Only a Few Cents.

With your fingers! You can lift off any hard corn, soft corn, or corn between the toes, and the hard skin calluses from bottom of feet.

A tiny bottle of "Freezone" costs little at any drug store; apply a few drops upon the corn or callus. Instantly it stops hurting, then shortly you lift that bothersome corn or callus right off, root and all, without one bit of pain or soreness. Truly! No humbug!

CAPT. SPRUIT ON WAY TO SIBERIA

Unexpected Order Takes Physician From Newport News on Long Journey.

Capt. Charles Spruit, according to recent information received by his parents, Mr. and Mrs. C. Spruit, is now on his way to Siberia. Capt. Spruit has been in the army service for an extended period and has just been sent on a long mission to conduct further medical work. Before the war began he spent some time in South American countries on behalf of the U. S., and has made a specialty of health work. He has been in charge of the laboratory work at Newport News. The order for work in Siberia probably means a long separation from his wife and child who are now in New York City.

Judge Leeper of Virginia was a caller in the city yesterday.

SHE WOULDN'T TAKE A FORTUNE FOR IT

All Her Friends Come to See What Tanlac Did for Mrs. Lynch—Health Wonderfully Restored.

"I wouldn't take a good sized fortune for all the good Tanlac has done for me," said Mrs. A. F. Lynch, of 164 Central Street, Galesburg, Ill., to a Tanlac representative, recently.

"I had been suffering with stomach trouble for about five years," continued Mrs. Lynch, "and sometimes I was in perfect agony from pain and cramps. At times it just looked like the least thing I ate would give me an awful attack of indigestion and I was told that if I didn't diet myself I was likely to die from one of these spells. I hadn't been able to eat a regular meal for several years and in all this time I suffered with cramps, dizzy spells and awful, throbbing headaches. I was often troubled with gas on my stomach and bloated up so badly I felt like I could hardly get my breath. Oh, it was an awful feeling, I tell you, and I hadn't been able to eat anything but light foods for so long it was very discouraging to say nothing of the terrible pain I had to endure. Besides this stomach trouble, I also suffered a lot with my kidneys and was so constipated that my condition alarmed me at times and, try as I would, I just didn't seem able to find any thing to relieve this trouble. My back hurt me so I could hardly stand it sometimes and I was never free from a dull aching pain across the small parts of my back. I finally got so run down in health I was just able to get around and that was about all, but when I suffered from those attacks of indigestion I was usually laid up for as much as a week and sometimes longer. I tried about everything that was recommended for my trouble, but nothing I took helped me and I was in so much pain most of the time I just felt life was hardly worth living.

"Then I was lucky enough to try Tanlac and it has certainly done me a wonderful amount of good, because I can eat three meals a day now and am never troubled a particle with indigestion, bloating spells or headaches. My kidneys don't bother me now and I am not constipated any more, either, and in such good condition I can do all my own household work with ease, even the washing. As a matter of fact, I am perfectly well in every way and so pleased over the way Tanlac has helped me that I talk about it all the time, and so do the neighbors, and people that have heard about my recovery come to see me to find out if all they hear is true and it doesn't take me long to convince them of the facts. I'm always glad to speak a good word for Tanlac."

TANLAC is sold in Jacksonville by Coover & Shreve; in Mercedosia by R. B. Field; in Murrayville by M. E. Gilbert; in Waverly by J. W. Wyle Drug Co., and in Woodstock by the Moy Pharmacy. (adv.)

WOMANS CLUB HOLDS
FIRST MEETING OF YEAR

Chapin Ladies Assemble at Home
or Mrs. Buhrman Tuesday Afternoon—News of Chapin and Vicinity.

Chapin, Sept. 11.—Chapin Woman's Club held their first meeting after a two months' vacation, at the home of Mrs. Frank Buhrman on Tuesday afternoon, Sept. 9. Thirteen members and three guests were present. Mrs. Harry Onken read a very interesting paper on "Can We Live Without Music and Art?" Gertrude Onken furnished the music. Refreshments of brick ice cream, two kinds of cake and ice tea were served. The next meeting will be held at the home of Mrs. Leitz on Sept. 24.

The Ladies of the M. P. church served Burgoo soup, sandwiches, pie and coffee at the sale of William Sumburg on Wednesday, the 10th. A nice sum was realized for all know the reputation of the Ladies Aid.

Frank Miller and wife of Rushville are visiting at the home of their aunt, Mrs. Holland, who is well on in the eighties.

Mrs. Mattes and daughter Clara visited relatives in Jerseyville over the week end.

C. F. Duckett and wife motored to Jacksonville Tuesday evening. Mrs. Robert Craven and daughter Fay of Granite City are visiting at the home of Mr. and Mrs. J. B. Craven.

Mrs. Joseph Baldwin gathered a sunflower from her garden which measured fifteen inches in diameter and thirty six inches in circumference.

Mr. and Mrs. Harry Onken returned home from Wetton, Ill., where they attended the M. P. Conference. A minister has been secured to fill the vacancy of the M. P. church.

C. F. Duckett and Henry Kersmeyer have gone to the river to fish.

Edway Palmer, second truck operator of Chapin left last week for Chicago to take up the study of law.

Andrew Allen returned Monday from Ottawa, where he had been visiting his wife. He found her gaining in health.

John Taylor and Miss Mary Black attended the boat show at Meredosia on Monday night.

Mrs. R. D. Omar returned home from Charleston, Ill., where she attended the state C. W. B. M. convention.

Mrs. Artie Bolan of Milton, Ill., spent Wednesday morning with Mrs. Fred Craven.

Miss Jessie Short of Canton, Ill., is visiting at the home of Mr. and Mrs. Fry.

Mr. and Mrs. Fred Craven motored to Granite City and St. Louis and spent several days with relatives and friends.

Mr. and Mrs. Lou Brockhouse have received a card from their son Russell, who has arrived at Camp Mills.

COONS FAMILY IN
ANNUAL REUNION

Event Was Held at Home of John Erickson Near County Line—One Hundred Present.

The annual reunion of the Coons family was held Thursday at the home of Mr. and Mrs. John Erickson on the east county line. One hundred members of the family were present. At noon a basket dinner was served. At the annual election of officers the following were chosen:

President—W. H. Crum.
Secretary—treasurer—C. M. Coons.

The next meeting will be held at the home of Jesse Coons in New Berlin.

The following program was carried out during the afternoon:

Instrumental duet—Messdames Durrel and Ora Crum.

Vocal solo—Rev. J. A. Betcher. Recitation, by Master Randall Stout.

Vocal solo—Mrs. Roland Stice. Recitation—Lillian Smith.

Vocal music—Mrs. Robert Stice.

Vocal—Master Jimmie Dick Smith.

Caleb's Courtship—Annabelle Crum.

Instrumental solo—Mrs. Durrel Crum.

Remarks, by George Morgan. Recitation, by Aunt Sarah Coons, who is 86 years old.

Whistling solo—James Smith.

LITERBERRY

Sugar and kerosene have been scarce articles here especially granulated sugar. Our merchants are unable to get any at all only in small amount.

Mr. and Mrs. Harry Martin and son Floyd Martin, Mrs. Litter and daughter drove to Springfield Sunday and spent the day visiting relatives.

The Morgan county oiler of Jacksonville has been busy oiling our road east and west of Litterberry and the main streets here in town Saturday and Sunday.

The little son of Coy Stice has been very sick the past week.

Mrs. Lizzie Campbell and son of Jacksonville spent Saturday and Sunday with relatives here.

Mrs. Yancy and daughter Edith of Yatesville and Mrs. F. G. Sharpe of Peoria spent Saturday afternoon with Mrs. John Young and family.

L. A. Cooper and family, Taylor Berry and wife, A. Batcliff and family, and Mrs. McFarland drove to Clear Lake Saturday where they spent the day fishing. They caught 65 and cooked their supper and brought fish home.

William Murray and wife returned home today after a visit with their son in Wisconsin. Mrs. Murray has been to Dr. Mayo's hospital in Minnesota for treatment and came back to Wisconsin where Mr. Murray met her.

Mrs. John Daniels and son and Mrs. Beavers returned home Saturday after a week's visit in Missouri with relatives.

Miss Shore of Jacksonville spent a few days with Lula Henderson last week.

Homer Lewis, wife and daughter of Ashland spent Sunday afternoon with John Young and family.

School started last week with a good attendance. Miss Chapman has the intermediate room with Mr. Jennings as principal.

The Clio circle will meet with Mrs. E. G. Young Friday the 19th instead of the regular meeting day on account of the chicken fry at the Baptist church.

For prompt, satisfactory watch work and jewelry repairs, see Duffy, 225½ E. State, (upstairs).

ILLINOIS WOMAN'S COLLEGE

Offers to the young women of Jacksonville, unusual opportunities for instruction in all lines of work in which women are interested. The regular courses of study lead to the Bachelor of Arts degree. Degree courses in Music, Expression and Domestic Science. Diploma courses in Fine Arts and Music. Thorough work in Physical Training, Secretarial studies, Swimming, etc.

Call the College office, Bell 102, Illinois 415 for more definite information.

Gage hats Mrs. Abbot, Ill 881

WHAT DO YOU DO TO
BEAT THE H. C. L.?

Journal High Cost of Living

When sugar is scarce, I can fruit unsweetened, using one-half gallon mason jars," writes Mrs. M. Smith, 872 North Prairie Street.

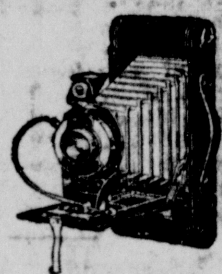

"Then in winter when one has to have heat, open cans, make jelly, butters, etc. Butters can be put in pans, sweetened and covered by lid, and put in bake oven, stirring occasionally.

"I cannot wear one pair of shoes three years and work and walk much, but there are many small economies that help, and many small economies make a large hole in the high cost of living.

"One can save fuel by living more simply. Simple wholesome cooking is healthiest, more mush instead of so much yeast bread, cakes and pies. Puddings are more healthful than pies. Use less fuel, when using gas use a slow fire, making the food more tender but longer to prepare.

"All households should keep from six to twelve chickens to feed table scraps to. Home fed and dressed chickens and poultry are much better and healthier to use than cold storage poultry, New York dressed."

Practically all of the housekeepers of Jacksonville who have written the Journal recently have

urged the keeping of a few chickens, not many, as a means of reducing the H. C. L. and at the same time of keeping the obnoxious garbage pail empty. There are few residents in the city who have not the yard space in which to care for a half dozen or so of the fowls. The few who are so situated as to be unable so to do are unfortunate to say the least.

IS CHARGED WITH
CRUELTY TO ANIMALS

A. B. Chance of Meredosia was arrested by the sheriff's force Thursday on the charge of cruelty to animals. The warrant was sworn out by the officers of the Society for the Prevention of Cruelty to Animals. Chance was taken before Justice Opperman but a change of venue was taken to the court of Justice Dyer where he was fined \$3 and costs, the total amount being over \$46.

Children Cry for Fletcher's

CASTORIA

The Kind You Have Always Bought, and which has been in use for over thirty years, has borne the signature of *Dr. H. Fletcher* and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA?

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

ESSEX

Motor
Cars

This Will Help You

10,000 Owners Speak for It's
Performance and Reliability

Decide for an Essex

What owners say of a car is a pretty good indication of its worth.

And when you add to that, the enthusiastic endorsements of thousands of motor wise individuals the proof should be conclusive.

But the Essex has still another way of showing its value.

You Can Test it Yourself

Performance limitations have naturally grouped cars into classes. Certain cars may be depended upon for unlimited service. They know no frontiers of distance. They are dependable and require practically no attention.

But such cars are large and costly, costly to buy and to operate.

An exception is the Essex. Its performance qualities can be demonstrated at any time.

Take a ride with us to see how it can be driven just as easily, as fast and with as much certainty of endurance as any high-powered car with which you are to compare it.

Moderate Cost Due to
Smaller Size

If the Essex were as large as the cars whose performance it matches, the price would have to be as high.

But because it has no useless length or useless weight, costly car quality in every detail is possible with proportionate saving in cost.

It is because of these qualities that the Essex is praised as it is.

And by skill in design, and care in construction, the performance is just as satisfactory.

Its Worth is Shown in
Service Not Price

The strongest Essex boosters are those who have driven their cars the hardest.

It is so easy to handle—so lively and so comfortable that there is pleasure rather than work in driving it.

You may be undecided between the Essex and some other car of similar weight and price.

The two cars look bright and attractive on the sales floor.

The demonstration will give the Essex an advantage that everyone is glad to describe.

Then the thing for you to decide is how those two cars will compare after several months of service.

For answer, note the Essex cars in your neighborhood.

Take a ride in one whose speedometer registers long service.

Look out for performance. See if it still has the power to do the things it did when new. Is it quiet and rigid and in good condition?

Every Essex makes new friends.

It is what they are saying that is increasing the demand so much. You should speak for your car without delay.

Too Ill
to Work

Scores of Women

in homes, stores, offices and factories are not fit to be at work. They toil on day after day and year after year suffering with distressing weaknesses and derangements, hoping against hope that they will soon feel better, but how can they hope to do good work or escape permanent invalidism?

Such women are in danger of derangement of women's functions. They owe it to themselves to try that good old fashioned root and herb remedy Lydia E. Pinkham's Vegetable Compound, which for more than forty years has been restoring American Women to health and strength.

Here is a Notable Example

Joplin, Missouri.—"I took Lydia E. Pinkham's Vegetable Compound to see if it really would do as it was advertised and it sure did, and more. I was weak and could not do much work, had bearing down pains and had to go to bed. I learned about the Vegetable Compound from my mother and my husband told me to get it. After taking one bottle I was able to be on my feet most of the time and do my work again. I have a baby eleven months old and I have done all my own work, even the washing and ironing since she was three weeks old. I certainly recommend your great medicine to everyone who complains of female trouble and I am more than willing for you to use my testimonial."
—Mrs. TIMOTHY CRANEY,
426 Connor Ave., Joplin, Mo.

And Another

Chicago, Illinois.—"I suffered for four years with pains in my sides, hips and legs and a terrible backache. I could not do any work at all. I was treated by many physicians but they did not help me. I read in one of your books where other women have been helped by Lydia E. Pinkham's Vegetable Compound, so I tried it and it helped me very much so that now I can do everything in the house. I have told my friends about Vegetable Compound and you have my permission to use this letter."
—Mrs. I. OVENSTEIN, 902 S. Marshfield Avenue, Chicago, Ill.

Thousands of such Letters

Asserts New Discovery Brings Blessed Relief to Rose and Hay Fever Sufferers

Can Make It Yourself At Home At Trifling Expense

In spite of all the doubters and scoffers, a man in Kentucky, who changed his annoying and distressing hay fever into less than a mild cold, claims most emphatically that if taken in time hay fever can be conquered or at least made so harmless that it is not even bothersome.

He gave his discovery to scores of other sufferers with the most remarkable results and has recently been prevailed upon to disclose it through pharmacists to all hay fever sufferers who still have faith that nature has provided an effective remedy for this most vexing and miserable disease. The cost of all this remedy costs

almost nothing. Get a one ounce bottle of Mentholized Archie at any drug store, pour the contents into a pint bottle and fill the pint bottle with water that has been boiled.

Then gargle as directed and twice daily sniff or spray each nostril thoroughly. That's all there is to it; so simple that a lot of people will say that it can't do the work but oftentimes simple natural remedies are the best as you will find after using.

If you will make up a pint and use it for a week or ten days you need not be surprised if your unwelcome yearly visitor fails to appear.

For Itching Torture

There is one remedy that seldom fails to stop itching torture and relieve skin irritation and that makes the skin soft, clear and healthy.

Any druggist can supply you with zemo, which generally overcomes all skin diseases. Acne, eczema, itch, pimples, rashes, blackheads in most cases give way to zemo. Frequently, minor blemishes disappear overnight. Itching usually stops instantly. Zemo is a safe antiseptic liquid, clean, easy to use and dependable. It costs only 35c; an extra large bottle, \$1.00. It will not stain, is not greasy or sticky and is positively safe for tender, sensitive skins.

The E. W. Rose Co., Cleveland, O.

LEMON JUICE TAKES OFF TAN

Girls! Make Bleaching Lotion if skin is sunburned, tanned or freckled

Squeeze the juice of two lemons into a bottle containing three ounces of Orchard White, shake well, and you have a quarter pint of the best freckle, sun-burn and tan lotion, and complexion beautifier, at very, very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of Orchard White for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how freckles disappear and how clear, soft and white the skin becomes. Yes! It is harmless.

"BAYER" ON GENUINE ASPIRIN

"Bayer Tablets of Aspirin" to be genuine must be marked with the safety "Bayer Cross." Always buy an unbroken Bayer package which contains proper directions to safely relieve Headache, Toothache, Rheumatism, Neuralgia, Gout and Pain. Handy tin boxes of 12 tablets cost but a few cents at drug stores—larger packages also. Aspirin is the trade mark of Bayer Manufacture of Monoacetic acid ester of Salicylic acid.

THE "BLUES" Caused by Acid-Stomach

Millions of people who worry, are despondent, have spells of mental depression, feel blue and are often melancholy, believe that these conditions are due to outside influences over which they have little or no control. Nearly always, however, they can be traced to an internal source—acid-stomach. Nor is it to be wondered at. Acid-stomach, beginning with such well defined symptoms as indigestion, belching, heartburn, bloating, etc., will, if not checked, in time affect to some degree or other all the vital organs. The nervous system becomes deranged. The blood is impoverished. Health and strength are undermined. The victim of acid-stomach, although he may not know the cause of his ailments, feels his hope, courage and energy slipping. And true life is dark and worthless much to the man or woman who has acid-stomach!

Get rid of it! Don't let acid-stomach hold you back, wreck your health, make you miserable, make you a victim of the "blues" and gloomy thoughts. There is a marvelous modern remedy called EATONIC that brings you such quick relief from your stomach miseries—sets your stomach to rights—makes it strong, cool, sweet and comfortable. Helps you get back your strength, vigor, vitality, enthusiasm and good cheer. So many thousands upon thousands of sufferers have used EATONIC with such marvelously helpful results that we are sure you will feel the same way if you will just give it a trial. Get a big 50 cent box of EATONIC—the good tasting tablets that you eat like a bit of candy—from your druggist today. He will return your money if results are not even more than you expect.

EATONIC
(FOR YOUR ACID-STOMACH)

BEAUTY SECRETS!

Where she gets her good looks, her healthy skin, her pink cheeks, is known to every one, because it is apparent that it is due to cosmetics, paint and powder. But the true womanly beauty comes from good health, and this good health is a woman's secret.

Health comes with good physical machinery and good spirits, active digestion. A body free from pains and aches comes with tonic known for over fifty years—the best "temperance" tonic dervive for woman—namely, Dr. Pierce's Favorite Prescription can be obtained in any drug store in liquid or tablet form, or ad 10c to Dr. Pierce Invalids' Hotel, Buffalo, N. Y.

Cleansing of the intestinal tract important. Take castor oil or select a vegetable pill. Such a pill is composed of May-apple, leaves of aloë, root of jalap, and ade into tiny sugar-coated pellets, to be had at every drug store. Dr. Pierce's Pleasant Pellets

WHITE SOX WIN ODD GAME FROM SENATORS

Leaders Drop First Game 4 to 3 and Shutout Senators 5 to 0—Williams Allows Washington but Two Safeties—Other Games.

Washington, Sept. 11.—Chicago made it two out of three from Washington by splitting even today in a double header. The league leaders won the second game 5 to 0 after dropping the opener 4 to 3. Shaw outpitched Kerr in the first game. Williams bettered this performance in the second contest in which only two safeties were registered by Washington.

Losing pitcher—Zachary.

Red Sox Score Two Shutouts.

Boston, Sept. 11.—Boston shutout St. Louis twice today, 4 to 0 and 6 to 0. A running catch by Hooper in the first game with two out and the bases full and the brilliant support given Pennock and Russell were the fielding features. St. Louis started Mapel, a "rookie" southpaw, in the second game, and his wildness was mainly responsible for Boston's runs.

Scores:
First game: R H E

A FORMER MERCHANT HERE

J. W. Stewart and son of Springfield were callers in the city yesterday. Mr. Stewart was for some years proprietor of a confectionery store in the room now occupied by the Lulu-Davis drug store on the north side of the square. He and his son are on their way to Tulsa, Oklahoma, and San Francisco for a visit with relatives. Since leaving Jacksonville Mr. Stewart has grown quite partly so that his former friends failed to recognize him.

Robert Willard and family of Concord made the city a visit yesterday.

WOMAN THINKS SHE IS PRIVILEGED TO TALK

"If anyone ever had a miserable stomach I surely had. It was growing worse, too, all the time. Had severe pains and attacks every ten days or two weeks and had to call a doctor, who could only relieve me for a short while. Two years ago last February I took a treatment of Mayr's Wonderful Remedy and I have not had a spell of misery or misery since. My friends just wonder that I am looking so well. I feel I am privileged to talk about it. It is a simple harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. At all druggists. (adv.)

FARM PROPERTY

Shall I sell my farm or shall I buy another one? If you are in the corn belt of central Illinois buy another one. Select one of these:

- 50 acres near Waverly of white height acres are in corn, balance in grass, with a fine set of improvements with everything in good order. Price \$140.00 per acre.
 - 80 acres four miles from a good town, timber soil with good improvements for \$175.00 per acre.
 - About 70 acres two and one-half miles from a good railroad town nicely located, fairly good timber soil with ordinary improvements in keeping with the land for \$125.00 per acre.
 - 120 acres, three miles from a good town, mostly good farming land, well fenced, with excellent improvements and everything in good shape, for \$200.00 per acre.
 - In the Franklin neighborhood we have 180 acres running from prairie to timber-edge land, thoroughly well improved and well arranged for general farming and stock raising. Price \$195 per acre.
 - Five miles from the city we have 120 acres nicely located near a shipping point with fair improvements for \$275.00 an acre.
 - One mile from the city, 120 acres of fine farming land, eight room house, barn for ten horses with shed adjoining, stock scales and other buildings. Price \$350.00 per acre.
- All these farms can be bought on contract with payments ranging from one thousand to five thousand dollars down and balance March first. On any one of them we can lend fifty per cent of their value and more than that on some. Buy the farm now. Make your first payment, sow your wheat and make final settlement and take possession March first.

Do You Want to Save Some Money?

Re-insulating a battery is about the most expensive repair there is.

And there's only one kind of battery in general use that isn't practically certain to be re-insulated—or junked—within the next year or two.

That one exception is the Willard Battery with Threaded Rubber Insulation.

Come in and we'll tell you why.

MILK PRICES GO UP IN WHITE HALL

City Dairy Places Price at Fifteen Cents per Quart — Bottling Works Plans to Increase Capacity.

White Hall, Sept. 11—Effective tomorrow the price of milk supplied by the City Dairy will be advanced to 15c per quart, a raise of two cents. The advance does not come unexpectedly. Purchasers of tickets have in the past been paying at the rate of 12.5c per quart, and the new rate on dollar purchases of tickets is 11.3c per quart. The City Dairy is operated by the Illinois Condensed Milk Co., of which J. C. Spencer is manager and this concern establishes the price of milk in this section, and their prices to local dairymen makes White Hall the leading milk market of this section.

The Year Book of the U. S. department of agriculture for 1918 is now being distributed, and it contains a very pointed article on the "Composition and Food Value of Bottled Soft Drinks" that indicates a rapid growth of the bottling industry in this section. The local bottling works were established by Pat Powers in 1916, just at the outbreak of the European war. During that period the business has weathered extreme handicaps because of food regulations, and Powers now sees a great future, as indicated in the government article. He has attempted to increase his business to greater than has been possible for him to handle alone, and as a result has been able to take care of little more than the local trade. Now he plans to branch out to a considerable extent for the coming year by erecting a more commodious and suitable building and adding a carload of bottles and cases. His case is probably unlike other bottling works of this section and elsewhere for reasons stated in the government article, from which we quote:

"The consumption of these products increases yearly, and with the growth of prohibition it seems probable that their manufacture and distribution will assume very large proportions. Bottled soft drinks are consumed chiefly for the delectation of the palate and for quenching thirst. The fact that they have some food value is usually not given consideration. In the past the average consumer has known little of the composition of these beverages, and since there are all sorts of bottled soft drinks—good, bad and indifferent—he has not been in a position to demand a high grade product. That there is a growing discrimination on the part of the public consuming these products is evidenced in the great improvement in the quality and purity of many of them. Modern machinery for preparing food products of this sort for the market has been perfected to such an extent that there is little excuse for offering for sale an insanitary article." The article takes up the composition of these bottled drinks and the requirements of sanitation under the food and drug act. It is a very interesting study to both the bottler and the consuming public in view of the growing importance of the business.

A meeting of citizens representing the proposed new district for

the community high school was held Wednesday evening at the First National Bank, and it was found necessary to again circulate petitions for the new school under the new law, but that the boundaries and other matters will stand as prepared when the old law was knocked out by the supreme court. These petitions, it is thought, will be completed by Saturday, and in the meantime the bond lawyer will prepare an opinion on the legal status of the proposition. If all matters are found to be regular, County Supt. Scott will be able to issue an election call Saturday for ten days hence, and it will then be possible to have all legal requirements completed within six weeks. The proposed bond issue will probably be for \$100,000 instead of \$150,000. The present attitude of public sentiment appears to be overwhelmingly favorable.

ERNEST CLARK BUYS VALUABLE PROPERTY

Becomes Owner of Property Just North of Labor Temple

Ernest Clark of 311 North Prairie street has purchased of

William Ledford and the Jerry Cox estate the property just north of the Labor Temple on South Main street. There are several business buildings on the land which runs from Mauvasterre street to the alley on the east and is 84x150 feet.

Mr. Clark believes this is a very valuable piece of property and would be an ideal location for a garage or some similar business. Mr. Clark has not decided what he will do with the property, having bought it as an investment and believes that all real estate in Jacksonville promises good returns at the present time.

DURBIN

William Rawlings is seriously ill. His son George has come from his home in southern Kansas to be with him. His grandson, Lawrence Oxley and wife of Normal, also visited him from Saturday until Monday.

Mrs. Yunker is very ill at the home of her daughter Mrs. Henry Rawlings, and her old age makes recovery very doubtful.

Mrs. Chas. Gibson entertained the Home Makers Circle Tuesday afternoon.

Mr. and Mrs. Fred Travers have moved to Hugh McDevitt's farm.

Mrs. Evaline Rawlings and son Henry returned Sunday from a trip to South Dakota.

Miss Clara Devine of East St. Louis and Miss Katharine Kotke of Warsaw are visiting friends here.

Mrs. Harbord and daughter of Norfolk, Va. and Mrs. Elizabeth Scott and daughter Hattie of Franklin spent Monday with Mrs. David Rawlings.

The Sunday school held a banquet and the annual election in the church parlors Saturday evening.

FRANKLIN

Dr. Rolla B. Hill of Colfax, Wash., Mr. and Mrs. Dana C. Hill of Fort Dodge, Iowa, Miss Faith Hill of Greenfield, Ill., and Miss Winona Hill of Decatur, have been visiting their grandmother, Mrs. Sarah Hill the past week.

Chas. McLamar is on the sick list.

Mrs. Julia Tranbarger has gone to Concord, Iowa for a visit with relatives.

Mrs. Noah Hogan and little son are spending the week in Waverly.

The Eden

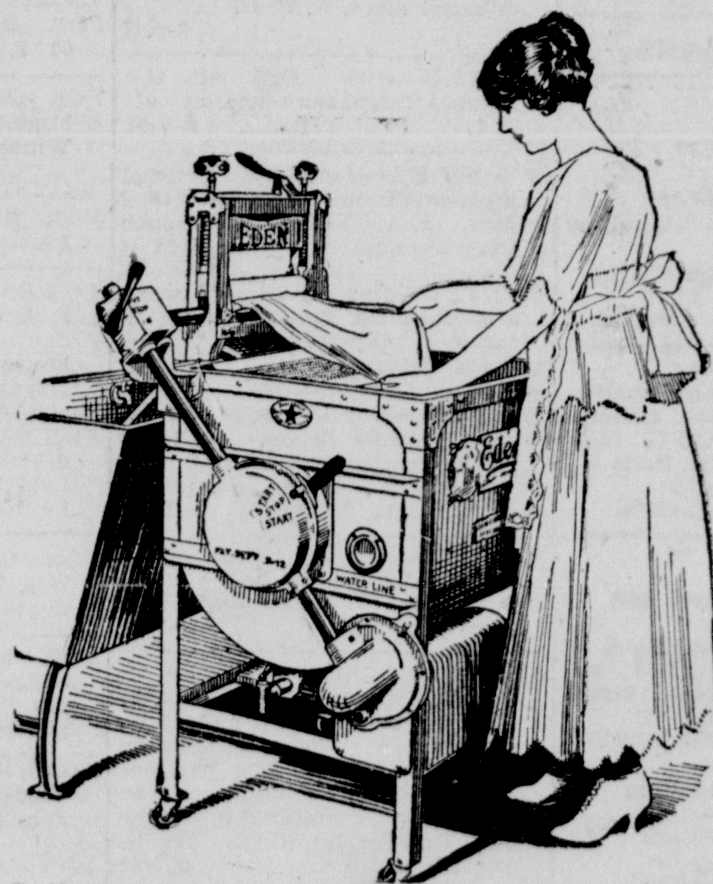

Washes Clothes Clean

With The Eden all rubbing absolutely is done away with. The Eden washes quickly and thoroughly every fabric, from the sheerest of linens to heavy woolen blankets. Shirt cuffs and neckbands positively washed clean, with no rubbing. We will, if permitted, prove to your entire satisfaction our every claim. We will put The Eden in your home, in charge of an expert factory man, do your entire washing, submit to any test you may desire, and leave the decision to you. This demonstration will entail no obligation on your part.

It is safe to say that The Eden tops the list in Electric Washing Machines

—This fact has not been brought about through any spirit of mere rivalry, but because of a genuine desire to benefit the public through the building of a perfect machine. A long and thorough study of the problems presented because of the wide variety of fabrics to be washed, and the application of the correct principles, has brought success.

—There are already many satisfied users of THE EDEN in Jacksonville. There are many thousands throughout this state, and tens of thousands over the country.

Read again our unqualified statement at the beginning of this announcement

—Then consider your washing problems in that connection. The satisfaction to be gained instantly will present itself; so also will the saving.

—But the best part of all is that we will send one of these machines to your home, in charge of an experienced factory man who will do your entire washing and submit the machine to any test you desire, all without any obligation on your part.

—Call us, either phone 580, early tomorrow morning.

Below Are a Few "Reasons Why" of Eden Superiority

THE EDEN operates a twelve inch wringer.

THE EDEN IS EQUIPPED with an automatic disengaging clutch, which releases the motor in case the wringer becomes clogged or the cylinder overloaded, thereby preventing damage to motor.

AT THE BOTTOM OF THE EDEN is a space called the "Quiet Zone" where dirt from clothes is precipitated and held. All delays due to changing water for large washings is avoided. The dirty water simply is drained from the outlet, emptying the "Quiet Zone", and clean water necessary poured in at the top.

THE GLASS WATER GAUGE shows the proper amount of water to be put into the machine—there is nothing left to guess.

THE IMPROVED AUTOMATIC releasing device stops the cylinder always with the doors in the proper position.

THE HINGED CLINDER DOORS engage with the sides of the tub when open, preventing clothes from dropping down under the cylinder.

ALL PARTS ARE ENCLOSED. The motor is covered by a shield which protects it from splashing water and makes it impossible for a child to be harmed in any way if playing around the machine while it is in operation.

THE EDEN ZINC CLINDER contains 5400 holes, all punched from the inside out, giving perfect suction and absolute safety to the garments. A 200-pound man can stand in any EDEN cylinder without harming it in the least, due to its perfect construction.

THE DOUBLE-ROLLER CASTORS make it possible for a mere child to move the machine at will.

THE WASHER, WRINGER and reducing units are packed in heavy, standard grease, just as the differential of an auto. How much more satisfactory this is than the average machine with seven or eight oiling places.

COKE

Re-screened eastern coke, for stoves and furnaces.

Order Now!

We have also the best Springfield and Carterville coal mined.

Do You Wear Glasses?

If not, are you sure you don't need them?

You can never be sure until you have your eyes tested. If your vision is normal we will be happy to tell you so.

Keep Your Vision Normal

If you need glasses, we can give you the proper sort and the preferred style. If you already wear glasses, you should have your eyes examined regularly.
